A) A Summary Report**

1) Title of Programme:	“Certificate Course in GIS”			
2) Name of Organizing Department/Unit:	Geography			
3) Name of the Coordinator(s)/ Convener(s)/ Organizer(s) of the Programme:	Dept. of Geography			
4) Date(s) of the Programme:	2022-23 (Date-13.12.2022 to 04.03.2023)			
5) Venue:	GIS Lab			
6) Target Group:	PG Students			
7) Number of Participants: 12 Students Registered	Male	Female	Total	
A separate list with signatures be maintained in the department/Unit)	Teaching	00	00	00
	Non-Teaching	00	00	00
	Students	12	00	12
8) Name(s) and details of Resource Person / Organizer(s)/ if any:	Dr. Kishor Shinde			
9) Total Expenditure for the Programme:	Nil			
10) Source of Funding:	Nil			

B) A Report

i) Title: “Certificate Course in GIS”

ii) Introduction:

GIS is the new and advance technical skill in the study of Geography. With the help of this technology the students can frame, visualize and grapple with social, urban and environmental problems. Also it enhance the liability of students to prepare solution structure, models in the various ways to solve the problem, reduce the intensity of natural hazards, climatic disturbances, reduce urban traffic conjunction and its management etc.

iii) Objectives of the Programme:

- Train the students in new emerging technology in the field of Geography.
- Provide efficient knowledge to data collection, manipulation and management.
- To enhance the capacity to integrate information from various sources.
- To aware the students about the new technological skills in Geography

iv) Participants:

For this course there were 12 students admitted for this course.

v) Brief Summary of Events:

This course is conducted by Geography department. The duration of this course was 30 days. This course has no cost. From this course the students were aware about various software's such as ArcGIS, ArcView GIS, Auto Desk Map, Map Info, Diva GIS, QGIS etc.in the GIS environment. The students are handling some of them, and processing the spatial and non- spatial data. They are able to collect, store, manipulate and

display in the form of digital format. The students are preparing maps, which are the key element in geographical study.

vi) Conclusion, with feedback on the Programme:

This course is successfully conducted and completed within stipulated time. Out of 12 students 07 students completed this course successfully. The students have been used the software skills to prepare maps, charts and manipulation of geographical data in their project work.

The students suggested that this course is more interesting and helpful to their carrier, hence it should be conducted continuously.

vii) Any Appendix: A List of Participant
