B) Report

i. Title: -

One Day National Webinar on “**Qualitative Research and Sociology**”

ii. Introduction: -

Department of Sociology had conducted a national level webinar. The Department had called upon Dr. Vaishali Diwakar to talk to the participants who is Head of the Department, Department of Sociology, St. Mira's College for Girls, Pune. The theme of the national webinar was about qualitative research in sociology.

iii. Objectives of the Programme/ issues addressed: -

1. To help participants understand about qualitative research.
2. To integrate the values of qualitative research in the participants
3. To introduce to them how the qualitative way of research is useful to sociology
4. To help them understand how qualitative research can be used in sociology

iv. Details of Participants: -

Total 40 Participants Attended this Program. 01 Male Teacher ,02 Female Teacher and 37 students Participated in this Program.

v. Brief Summary of Events/ Sessions: -

The event was organized on the zoom meeting. The session began with co convener and anchor Bhagavant Bokade welcoming the guest. Further, the resource person Dr. Vaishali Diwakar was felicitated and welcomed by the Head of the Department, Sayali Samudre. Sayali Samudre then introduced our resource person and gave our students a brief idea about her Topic.

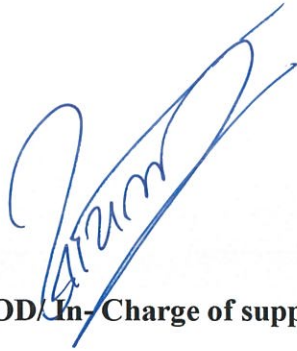

The resource person then began with her session. She talked about a range of things related to research in sociology today, yesterday and in the future. She told our participants what qualitative sociology research could mean and how does it look. She described to them what and how they can use qualitative ways in their research areas of sociology.

She also gave them advices on how to make a research full of potential with qualitative ways. The program ended with vote of thanks given by Mr. Bhagavant Bokade.

vi. Conclusion: -

The webinar was a successful as it had motivated participants and interaction beyond the expectation of the department. The resource person was very clear and thoughtful about the session, so participants got innovative perspective about qualitative research.

Paradigm, Methodologies, Methods

- **Paradigm**- A set of beliefs, values and techniques shared by members of scientific community
 - Acts as a guide or map-dictating the kinds of problems scientists should address
- **Methodologies**- identical to a research model that includes basic knowledge related to the subject research methods in question and the framework employed in a particular context
 - Another definition includes theoretical framework/ principles-related to distinct paradigm.
 - Methodology is determined by principles of research entailed in a paradigm
- **Methods**- tools of data generation and analysis
 - a-theoretical and a-methodological
