B) Report

i. Title :

Guest Lecture on Business Ethics

ii. Introduction

Ethics is about determining value; it's deciding what's worth doing and what doesn't matter so much. Business ethics is the way we decide what kind of career to pursue, what choices we make on the job, which companies we want to work with, and what kind of economic world we want to live in and then leave behind for those coming after. There are no perfect answers to these questions, but there's a difference between thinking them through and winging it. *The Business Ethics Workshop* provides a framework for identifying, analyzing, and resolving ethical dilemmas encountered through working life. Thus, Department of Commerce has organized the Guest Lecture on Business Ethics on 25th Apr. 2021, through Microsoft Teams online platform to introduce recent trends business ethics in India and at international level.

iii. Objectives of the Programme/ issues addressed:

- To understand what is business ethics
- To appreciate the global nature of business ethics
- Be aware of the prevalence of unethical behavior around the world
- To appreciate the benefits of ethical companies

iv. Details of Participants:

Total 103 participants (38 Male and 65 Females) attended the webinar.

v. Brief Summary of Events/ Sessions

Dr. Naresh Pinamkar, Asst. Prof. Dept. of Commerce, Maharashtra Mahavidyalaya, Nilanga, was a resource person. Dr. Pinamkar explained that Ethics is a subject of social science that is related with moral principles and social values. 'Business Ethics' can be termed as a study of proper business policies and practices regarding potentially controversial issues, such as corporate governance, insider trading, bribery, discrimination, corporate social responsibility, and fiduciary responsibilities. Law often guides business ethics, while other times business ethics provide a basic framework that businesses may choose to follow to gain public acceptance.

vi. Conclusion, with Feedback on the Programme :

Business ethics is a wider term that includes many other sub ethics that are relevant to the respective field. For example there is marketing ethics for marketing, ethics in HR for Human resource department and the like. Business ethics in itself is a part of applied ethics; the latter takes care of ethical questions in the technical, social, legal and business ethics. The participants cleared their doubts in discussion with the resource person.
