## B) Report

### i. Title:

Industrial Tour at HOSPET

### ii. Introduction

Industrial tour is important because it helps to make the connection between what they have studied in the classroom and how it exist real-world. Learning about the devices and technology in used in industrial is beneficial to students. This improves the capacity to recall and understand. This tour also demonstrates the challenges that workers meet at work and how they resolve them, which develops critical thinking. This trip enhances the passion for learning and helps students become ready for their future employment.

### iii. Objectives of the Programme/ issues addressed:

1. To understand the rice production process and its technologies.
2. To gain hands-on experience in quality control measures.
3. To provide valuable information of the local product and the practical knowledge of market.
4. To explore potential career opportunities within the rice milling industry.

### iv. Details of Participants:

Total participants 46 (Male 20 and Females 26) were present for this industrial visits.

### v. Brief Summary of Events/ Sessions

The Department of Commerce has organized an industrial tour of Manjunath Rice Mill dated, specializing in grain and oilseed milling. Spanning a significant area, the mill is equipped with modern technologies and operates efficiently on a supply chain model. A. Manjunatha and A. E. Prasad guided students through the rice production process, emphasizing quality control measures. Students also gained insights into the diverse range of products the mill offers, including parboiled basmati rice, polished rice, and oat cereals. Additionally, the resource person, A. E. Prasad, provided a valuable opportunity for students to explore potential career paths within the industry, enriching their understanding and opening doors to future opportunities.

### vi. Conclusion, with Feedback on the Programme:

After the industrial visits, students gained insight into the essential skills needed for successful business operations. While students may possess the necessary skills, motivation is crucial. This visit served as a source of motivation, encouraging students to acquire fundamental knowledge for starting a new venture.
