B) A Report

i. Title: Lokraja Rajarshi Shahu Maharaj Short Film Festival: 2024

ii. Introduction: The short films are free from the traditional film making mechanisms and follow creative streak by being more innovative. A film is both an art form and a tool for social change. It can entertain, educate, or explore critical social issues. Films can make us sit up and take notice, learn about a new culture, experience a different perspective, or open our eyes to a world we know nothing about. The normal trajectory of a good short film leads to it being screened at film festivals. Being a part of a film festivals official selection is a boon to the film on its own, but also opens the filmmaker to other benefits like winning awards and getting their name out there and associated with successful projects.

The Lokraja Rajarshi Shahu Maharaj Short Film Festival: 2024 was arranged to observe the commemoration centenary of Chhatrapati Rajarshi Shahu Maharaj- "A social revolutionary, a true democrat, a visionary, a patron of the theatre, music and sports and a prince of the masses.

iii. Objectives of the program:

To grab attention of the audience toward social issues

To provide a platform to the short film makers for screening of their projects

To provide an opportunity to students understand the film making procedures

iv. Details of the Participant: Total number of participants 43 (Male 05, Female 38)
