## B) Report

i) **Title:** Blood Donation Camps

### ii) **Introduction :**

Blood donation is a voluntary procedure that can help to save lives. There are several types of blood donation. Each type helps meet different medical needs. The purpose of a Blood Donation Camp is to find suitable donors whose blood is saved for the recipients and who themselves shall not be in any way harmed by Blood Donation. One donation can save many lives; there are health benefits for donors. Donating blood has benefits for emotional and physical health. It reduces stress, improves emotional well-being, benefits physical health, provides a sense of belongingness and reduces isolation.

### iii) **Objectives**

- 1) To create awareness about blood donation among the students.
- 2) To motivate the students and people for blood donation.
- 3) To collect the blood for needy patients

### iv) **Details of Participants:**

109 NSS Volunteers / staff members donated the blood in the Blood Donation Program.
