## B) Report

### i) Title: Voluntary Blood Donation

### ii) Introduction :

Blood donation is a voluntary procedure that can help to save lives. There are several types of blood donation. Each type helps meet different medical needs. The purpose of a Blood Donation Camp is to find suitable donors whose blood is safe for the recipients and who themselves shall not be in any way harmed by blood donation. One donation can save many lives; there are health benefits for donors. Donating blood has benefits for emotional and physical health. It reduces stress, improves emotional well-being, benefits physical health, provides a sense of belongingness and reduces isolation.

### iii) Objectives

- 1) To create awareness about blood donation among the students and staff.
- 2) To motivate the students and staff for blood donation on the date 30.8.2018.

### iv) Details of Participants:

Total 17 students and staff members donated the blood voluntarily on the date 30.8.2018.

### v) Brief Summary of the Event:

Program Officer, Dr. Kalyan Sawant appealed all the students and staff members to make voluntarily blood donation as per their choice on the date 30.8.2018. Total 17 Students and Staff members voluntarily donated the blood to save human life.

In the program NSS Program Officer Dr. Kalyan Sawant, Dr. Pushpalata Trimukhe, Dr. Prof. Vijay Gavli, Prof. Somdev Shinde, etc. took efforts to make this program successful.

### vi) Conclusion with feedback on the Programme:

In this program, 17 units of blood were collected to provide it to needy patients through blood bank.
