9) Total Expenditure for the Programme:	1100 /-			
10) Source of Funding:	NSS, RSM, Latur			

B) Report

i) **Title:** Oral Hygiene and Dental Checkup camp

ii) **Introduction:** Proper oral hygiene is essential for healthy teeth and gums. This includes daily brushing and flossing. In addition, you should see your dentist regularly for dental exams and cleanings. Preventative dentistry gives you the best chance for a beautiful smile and long-lasting oral health. Oral hygiene is preventative care. This means you can stop oral health problems — such as cavities, gum disease, bad breath (halitosis) and other issues — before they start by taking good care of your teeth and gums. Oral health is also linked to whole-body health. For example, if an infection is present in your mouth, your bloodstream can carry the bacteria to other areas of your body, leading to other health concerns like heart disease and stroke. Keeping your teeth and gums healthy is an important part of long-lasting overall health.

iii) Objectives

1. To stop spread of Oral diseases
2. To diagnose Oral diseases

iv) Details of Participants:

Total 84 NSS Volunteers and 03 PO participated in this program.

v) Brief Summary of the Event:

Department of NSS organized a Dental checkup and Blood checkup camp for UG and PG students on 31-08-2019 in coordination with Shahu health Center , in Rajarshi Shahu Mahavidyalaya, Latur. Dr. Fere Sandeep and Dr. Dhanshri Padwal examined 84 students and guided them about oral health. Program Officers, Dr. Kalyan Sawant, Dr. Pushpalata Trimukhe, Dr. S.V.Patil, Prof. Vijay Gawali, Prof. Somdev Shinde took efforts to make this program successful.

vi) Conclusion with feedback on the Programme:

About 84 students took benefit of the testing camp.
