B) Summary :

Guest lecture was conducted by department of Biotechnology on "Women empowerment and safety". Resource person for this program was Miss. Nazma Khan, who is a social worker. In her talk she said that, Empowerment is the process that creates power in individual over their own lives, society, and in their communities. People are empowered when they are able to access the opportunities available to them without limitations and restriction. This program crated awareness among students about female feticide and gender equity.
