B) Report

i. Title

Awareness program on "Stop Abuse of Women" through mime.

ii. Introduction

There are many women who are abused in her lifetime. Women abuse occurs in all cultures and races; it doesn't have any boundaries. Abuse of women can be a widespread challenge because individuals may not know what to do if they suspect someone is experiencing abuse. Additionally, some survivors do not seek medical care for injuries and are afraid to leave the relationship with their abuser. For this reason, awareness is often essential. For this a step were taken by students of biotechnology to increase awareness in community about abuse of women by a MIME act. This program was organized by Department of Biotechnology and Food Processing Technology, Rajarshi Shahu Mahavidyalaya, Latur (Autonomous) on 12.02.2020.

iii. Objectives of the Programme/ issues addressed

- To create awareness among students to contribute to ending violence against women and girls.
- To raise the awareness of students and society members on women's Rights.
- To achieve long-term lasting behavioral changes and positive attitude in students for women.

iv. Details of Participants

06 Participants (03 Male and 03 female) attended.

v. Brief Summary of Events/ Sessions

The students of Biotechnology perform an act on abuse of women by MIME. This public awareness campaigns on domestic violence aim to educate and assist students about the prevalence of abuse, encourage people to take action to promote social change, and alert survivors to the options and resources that are available to them. In this mime act 6 students were performed and delivered a message to the society to stop abuse of women.

vi. Conclusion with Feedback on the Programme

The awareness program covered all the objectives. The act was beneficial for UG and PG students, which will help them to show how much they can do about ending violence against women and girls by sharing the actions they are taking to create a world free from violence towards women.
