**A) Summary Report**

1) Title of Programme:		<b>Hemoglobin Detection Camp</b>		
2) Name of Organizing Department/Unit:		Biotechnology & Food Processing Technology		
3) Name of the Coordinator(s)/ Convener(s)/ Organizer(s) of the Programme:		Principal: Dr. M. H. Gavhane Vice- Principal: Dr. A. J. Raju Head: Dr. S. S. Kulkarni		
4) Date(s) of the Programme:		02 <sup>th</sup> August 2019		
5) Venue/ Mode:		Department of Biotechnology		
6) Target Group:		UG & PG students of Biotechnology and Food Processing Technology.		
7) Number of Participants: 194		<b>Male</b>	<b>Female</b>	<b>Total</b>
A separate list with signatures be maintained in the department/Unit)	Students	Nil	194	<b>194</b>
8) Name(s) and details of Resource Person(s), if any:		NIL		
9) Total Expenditure for the Programme:		NIL		
10) Source of Funding:		Not Applicable		

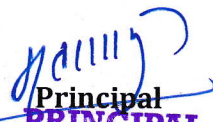

**B) Report:**

**Hemoglobin Detection Camp**

Hemoglobin plays a crucial role in the body's overall health and functioning. Hemoglobin is a protein found in red blood cells that binds to oxygen in the lungs and carries it to the body's tissues and organs, where it is essential for various physiological processes. We propose the organization and execution of a Hemoglobin Detection Camp for women by department of biotechnology and Emcure for Anemia free India on 2rd Aug 2019. as part of our ongoing commitment to community health and well-being. Hemoglobin test was carried out for all the girls including staff, the data were recorded and for next 4 month there will be continuous monitoring by organizing institute. This camp aims to provide free hemoglobin level assessments to individuals in our community, with a focus on raising awareness about the importance of maintaining healthy hemoglobin levels and addressing anemia-related issues. This document outlines the key objectives, strategies, and logistical details for the Hemoglobin Detection Camp.
