B) Report

i. Title

Student orientation programme on Solid Waste Management

ii. Introduction

Solid waste management is the handling of waste material. Several governmental organizations are there to tackle the wastes but unfortunately effective implementation has not been made possible yet. This orientation program aims to help the student to educate and make them aware about the techniques of solid waste management. So as a part of awareness campaigning and education about solid waste management the Student Orientation Program has been organized by Department of Biotechnology on 20.09.2020.

iii. Objectives of the Programme

- To create awareness about problems of solid waste in towns and villages.
- To aware the students about solid waste management techniques.

iv. Detail of Participants

Total 54 participant (25 Male and 29 Female) attended the Guest lecture.

v. Brief summary of event/session

Dr. R P. Bhagat, Assistant Professor, Department of Biotechnology, Government Institute of Science and Humanities (GISH), Aurangabad has focused on recent techniques available in solid waste management and stressed that how solid waste is big problem for people and environment? which techniques are used to tackle the problem and awareness about solid waste management. Dr. Bhagat has emphasized on several new governmental initiatives, policies regarding solid waste management at local level as well as global level, at last Dr. Bhagat motivated students and encourage them to part in project related with solid waste management.

vi. Conclusion with feedback on the Programme

This orientation program helped the students to get vital information about solid waste management and the problems related to it in towns and villages. In future students will be able to apply the techniques of solid waste management in their projects.
