A) Summary Report

1) Title of Programme:	Guest Lecture on “ Biodiversity Conservation and its Importance ”			
2) Name of Organizing Department/Unit:	Department of Biotechnology			
3) Name of the Coordinator(s)/ Convener(s)/ Organizer(s) of the Programme:	Principal : Dr Mahadev Gavhane Vice-Principal: Prof S.N Shinde, Head: Dr. S. S. Kulkarni			
4) Date(s) of the Programme:	20 th September 2021			
5) Venue:	(Online) ZOOM platform			
6) Target Group:	UG Students (B. Sc. II year students)			
7) Number of Participants:	Male	Female	Total	
A separate list with signatures be maintained in the department/Unit)	Teaching	00	00	00
	Non- Teaching	00	00	00
	Students	19	26	45
8) Name(s) and details of Resource Person(s), if any:	Dr. R. B. Ade Assistant Professor, Department of Biotechnology, Rajarshi Shahu Mahavidyalaya (Autonomous), Latur			
9) Total Expenditure for the Programme:	Nil			
10) Source of Funding:	Not Applicable			

B) Report

I Title

Guest lecture on “**Biodiversity Conservation and its Importance** “

II Introduction

Biodiversity conservation is now been an important topic due to rapid rate of declination of entire Biodiversity including species of animal and plants. Conservation should be the priority area to almost all parts of the world. Various government and non-government organizations have taken several attempts, Initiation of International authorities and organizations have been actively engaged in Biodiversity conservation and preservation by various resolutions and stringent Laws, despite this facts there have not been improvement yet, so effective conservation and its execution is important now a day, in that respect first of all education and awareness is prime important things to be undertaken as an initiative so that its implementation will be a regular and common practice, with that noble purpose Department of Biotechnology have organized the Guest lecture which was focused to B. Sc. Second year students about “Biodiversity Conservation and its Importance”.

III. Objective of the Programme/issue addressed:

- To make aware about the current issues of Biodiversity loss and the restoration strategies.
- To educate the students about the importance of Biodiversity Conservation
- To make aware students as a learned persons in the society about the benefits of Biodiversity Conservation and its importance in today’s context.

IV. The details of the participant: 45 participants (19 Male and 26 Female) attended the program.

V. Brief summary of the events/sessions:

The guest lecture has been conducted on the topic entitled "Importance of Biodiversity and its importance exclusively designed for B.Sc. second year students. In this the Resource person was Dr. R. B. Ade, Assistant Professor, Department of Biotechnology, he has 09 years' experience of teaching and research in the field of important Plant species Conservation and preservation. In addition to that he has been actively engaged in concerning about activities of education and awareness.

In this lecture Dr. Ade has addressed by giving examples of various global issues with Biodiversity loss and increasing human interference and over-exploitation of natural resources. He has focused on restoration strategies to mitigate the current need and have especially focused on public participation and awareness campaigning along with need education and finally given oath to all student participant and stressed on the responsibility of every citizen for the conservation and preservation of Biodiversity.

VI. Conclusion with feedback on the Programme

This guest lecture helped the students to get vital information about Biodiversity loss and its conservation In future students will be able to apply the methodology related with new approaches for restoration of the earth.

VII. Appendix: List of participants.
