A) Summary Report

1) Title of Programme:		An Invited Talk on पर्यावरणीय समस्या आणि युवकांची भूमिका		
2) Name of Organizing Department:		Biotechnology		
3) Name of the Coordinator(s)/ Convener(s)/ Organizer(s) of the Programme:		Chair Person: Dr. Mahadev Gavhane (Principal) Joint-Organizer: Dr. A. J. Raju (Vice-Principal) Prof. S. N. Shinde (Vice-Principal) Head: Dr. S. S. Kulkarni Convener: Mr. Udaybhanu P. Sirdeshmukh		
4) Date(s) of the Programme:		23 March 2022		
5) Venue/ Mode:		Online (Microsoft Team Platform)		
6) Target Group:		UG Students and PG students		
7) Number of Participants:		Male	Female	Total
A separate list with signatures be maintained in the department/Unit)	Teaching	07	07	14
	Non-Teaching	00	00	00
	Students	41	34	75
	Other Participants	01	01	02
8) Name(s) and details of Resource Person(s), if any:		Mr. Baswant Vithabai Babarao, Project Coordinator at CEE Center for Environment Education, University of Pune,Pune		
9) Total Expenditure for the Programme:		NIL		
10) Source of Funding:		Not Applicable		

B) Report

i. Title: An Invited Talk on Environmental problems and role of youth

(पर्यावरणीय समस्या आणि युवकांची भूमिका)

ii. Introduction : -

Human and human activities directly and indirectly influences on environment and creates Environmental problems .Pollution is the major problem from many decades on earth .Excess release of carbon by developed and developing countries creates global problems like climate change and global warming. Today's lecture organized for students and other people to bring awareness about all these environmental issues.

Now a days, wild varieties of trees, vegetables and other plants are threatened or endangered. Conservation of such rare varieties is important for present and future generations. So, to aware the students about today's scenario about such wild varieties of vegetables and other plants ,today's speaker Mr. Baswant Vithabai Babarao delivers a lecture on the topic 'Environmental problems and role of youth'.

iii. Objectives of Lecture on Environmental problems and role of youth : -

- To aware the students about environmental problems created by human and human activities.
- To aware the students about need of conservation of wild varieties of local vegetables and other plants.
- To aware the students and people about importance of wild vegetables and plants in our daily life and for future generations.
- Students ,after listening this lecture must know strategies to conserve such a wild varieties of plants and also try to reduce the impact of human activities on climate change through spreading awareness amongst people about all above issues.

iv. Details of Participants

91 participants (49 Male and 42 female) attended the Programme.

v. Brief Summary Of Events / Session: -

Mr.Baswant Vithabai Babarao delivered a lecture on the topic 'Environmental problems and role of youth'. He addressed in detail about wild varieties of vegetables, their daily consumption by people and scarcity of such varieties due to global problems like climate change. He focused about today's condition of wild vegetables and daily available vegetables in the market. He also discussed with students about available vegetables in the market and wild vegetables and its availability .He also said that our study of geography at local level is very less.So problems related with local level ,we must understand and act for it.Hence ,we can focus on local level pollution about garbage and other solid waste and its related problems. Urbanization can reduce the fertile area and it

affects on area under cultivation. Peoples must understand, Pesticides and its related problems with food consumption by human creates harmful diseases. So, Our duty to understand the problems and suggest and implement remedy over it.

vi. Conclusion, with feedback on the Lecture: -

Students and other participants understood the real-life problems and its relation with environment. Upon the practical implementation of the tact learned throughout this given lecture the participants can learn to tackle such problems and apply remedy over it.

vii. Appendix: List of Participants.

Date: - 24/03/2022.
