B) Report

i. Title:

Student Induction Program – 2021-22.

ii. Introduction:

Transition from school to college life is one of the most challenging events in a student's life. When new student enters an institution, he come with diverse thoughts, backgrounds and preparations. The term induction is generally used to describe the whole process whereby the incumbents (Student) adjust to or acclimatize to their new roles and environment. In other words, it is a well-planned event to educate the new entrants about the environment in a particular institution, and connect them with the people in it. This programme is to welcome new students to Higher Education and prepare them for their new role. The Programme was organized by Department Food Processing Technology from 18th October 2021 to 21st October 2021.

iii. Objectives of the Programme:

- To introduce students about our Institution and its Goals and achievements.
- To introduce students to career and opportunities in Food industries.
- To motivate students for different examinations related with Post Graduate Education and Research.
- To introduce importance of FPT program.

iv. Details of the programme:

12 Students (Male 10 and Female 2) attended the Student Induction Programme.
