B) Report

i. Title

Workshop on “Conservation and Efficient Use of Petroleum Products”

ii. Introduction

Workshop has been organized on 24th December, 2022 on “Conservation and Efficient Use of Petroleum Products”. The program was organized by Petroleum Conservation Research Association and Department of Biotechnology Rajarshi Shahu Mahavidyalaya (Autonomous), Latur for B.Sc Second Year and M.Sc First Year Students of college. This workshop aims to help students to get knowledge about the conservation of energy resources and efficient use of petroleum products as they are non-renewable energy sources.

iii. Objectives of the Programme/issues addressed

- To make students aware of the different energy resources.
- To give students information about sustainable energy resources.
- To make the students to understand the conservation of energy resources and need of use of alternate energy sources for sustainable development

iv. Details of Participants

32 participants (14 Male and 18 female) attended the Programme.

v. Brief Summary of Events/Sessions

Mr. Kedar Khamitkar gave information to students about the different energy resources. He also gave information about the need of conservation of energy resources as they are available in limited quantity. He elaborated students about the alternative sources which can be used to save the limited energy resources.

vi. Conclusion, with Feedback on the Programme

The participants got information about the conservation of energy resources and how to carry out efficient use of petroleum products. The students gained knowledge regarding the different alternative energy resources which can be utilized efficiently. The participants were made aware about the need of energy conservation as their sources are very limited. The information about various ways to save the energy resources was given to participants.
