Department of Biotechnology**

**A) Summary**

1) Title of Programme:		Student Induction Program		
2) Name of Organizing Department/Unit:		Biotechnology		
3) Name of the Coordinator(s)/ Convener(s)/ Organizer(s) of the Programme:		Chief Organizer: Dr. Mahadev Gavhane Joint-chief Organizer: Prof. S. N. Shinde Head: Dr. S. S. Kulkarni Convener: Mr. U. P. Sirdeshmukh		
4) Date(s) of the Programme:		18 <sup>th</sup> and 19 <sup>th</sup> July 2023		
5) Venue/ Mode:		Seminar Hall, Department of Biotechnology		
6) Target Group:		B. Sc. BT First year		
7) Number of Participants: 96		Male	Female	Total
A separate list with signatures be maintained in the department/Unit)	Teaching	03	01	04
	Non-Teaching	00	00	00
	Students	50	36	86
8) Name(s) and details of Resource Person(s), if any:		1. Dr. O. V. Shahapurkar (COE, Professor) 2. Dr. D. Vedpathak (Cultural Unit Incharge) 3. Dr. Arachna Tak (Associate professor) 4. Dr. Anirudh Birajdar (Sports Incharge) 5. 6. Dr. S. S. Kulkarni (HOD) 7. Dr. M. A. Dhotre (Assistant Professor) Department of Biotechnology 8. Mr. Udaybhanu P. Sirdeshmukh (Assistant Professor) Department of Biotechnology, 9. Dr. R. B. Ade (Assistant Professor) Department of Biotechnology		
9) Total Expenditure for the Programme:		NIL		
10) Source of Funding:		Not Applicable		

## **B) Report**

### **i. Title: Student Induction Program**

### **ii. Introduction: -**

SIP-2023 was held for B. Sc. BT I year on 18 and 19 July and 2023. The goal of the student induction event was to acquaint students with the present biotechnology graduate program. Inform the students about the higher education test system, different co-curricular and extracurricular activities. The pupils should be informed about upcoming national level exams and career opportunities.

### **iii. Objectives of Lecture: -**

- To inform students about Autonomous college and its functioning in academics.
- To know the curriculum and syllabi and its outcomes in undergraduate programme.
- To know examination pattern, which includes internal and Semester End Examination evaluation systems (CBCS system).
- To make aware about significance of co-curricular and extra-curricular programmes in higher education and personality development.
- To know the skill based certificate courses such as Plant tissue culture and its significance in future to improve own curriculum vitae.

### **iv. Details of Participants**

96 participants (54 Male and 42 Female) attended the Programme.

### **v. Brief Summary Of Events / Session : -**

The Student Induction Program of 2023 commenced with an inaugural address by Dr. S.S. Kulkarni on July 18th, 2023. Dr. Kulkarni provided an overview of the college's autonomous status and its operational framework, while also acquainting students with the Department of Biotechnology, its historical background, and the regulations governing undergraduate (UG) programs. Subsequent lectures were delivered by Mr. U.P. Sirdeshmukh, who elucidated the structure and anticipated outcomes of academic autonomy in higher education. Dr. M.A. Dhotre elaborated on the curriculum and emphasized the significance of co-curricular activities in augmenting the higher education experience. Dr. O.V. Shahapurkar delved into the examination pattern specific to the Autonomous college, detailing the evaluation methods for both internal assessments and semester-end examinations under the Choice-Based Credit System (CBCS). He expounded upon the computation of Semester Grade Point Average (SGPA) and Cumulative Grade Point Average (CGPA), highlighting special provisions for students involved in extracurricular activities such as sports, NCC, NSS, and cultural pursuits. Furthermore, Dr. Deepak Vedpathak underscored the importance of extracurricular activities in shaping students' personalities throughout their undergraduate and postgraduate journeys. Dr. Archana Tak and Dr. Anirudh Birajdar provided insights into the benefits of participating in NCC activities and sports, respectively, emphasizing their roles in holistic student development.

#### **VI. Conclusion, with feedback on the Lecture:**

The students have gained comprehensive insight into the structure and academic curriculum of the undergraduate program. They are now well-informed about the examination and evaluation procedures inherent to the undergraduate Biotechnology program. Moreover, students have developed an understanding of the importance of both co-curricular and extracurricular activities in higher education, recognizing their pivotal role in fostering holistic personality development. As a result, the students are enthused and motivated to pursue education within the undergraduate Biotechnology program.

**D) Brochure of the program:**

The brochure features a background image of a modern university building with orange and white facades. A large, stylized 'V' shape is formed by two grey diagonal bands that meet at the bottom center. In the center of this 'V' is a red circular graphic with a white border, containing the text '18th & 19th July, 2023'. The top left corner contains a logo of a flame with a bird inside, and text in Marathi and English. The top center text identifies the organizing institution. The bottom of the brochure has a yellow band for the target audience and a dark blue band for time and venue details.
