B) Report:

i) Title: One Day Short Excursion

ii) Introduction:

Department of Botany Organized Short Excursion to College of Agriculture Field, Latur. Field visits are an essential part of the curriculum in most of the Graduate and Post-graduate courses. Field visits provide the students with an opportunity to practical learning through interaction, working methods. It gives the students an exposure to current work practices as opposed to theoretical knowledge being taught at their college classrooms.

iii) Objectives of the Programme:

1. To collect the different diseased plant materials.
2. To know about how to collect plant material for Herbarium.

iv) Details of participants: 17

v) Brief summary of Events:

Department of Botany Organized one-day short excursion at College of Agriculture Field, Latur. The departure at 09:00 am to Agricultural College. Prof. R. K. Mekle guided to students how to identify diseased plant material on the basis of their symptoms as well as how to collect the infected plant materials. After collection of diseased plant material Students and teachers had their lunch and returned back to college campus.

vi) Conclusion, with feedback of Programme:

This short excursion gives opportunity to identify plant diseases with their symptoms.

Students practically observed plants and crops on the field.

Conclusion of program concludes with the feedback from participants.

Overall rating of oral feedback is Excellent -84%, Very good- 16%.
