B) Report

i) Title: Field Visit

ii) Introduction:

The field visit and study tour encourages students to immerse themselves in overseas study environment, exposing students to campus life and culture. It promotes experimental learning with direct experience. Apart from building academic capability, study tour also aims at building life skills such as team work, communication, problem solving skills and discussion making that are only obtained through life experience. This programme gives students the opportunity to learn the techniques of nursery and gardening. Hence, Department of Botany Organized Visit at Garden Gallery Warad Biotech Nursery at Bardapur for B.Sc. II students.

iii) Objectives of the Programme:

1. To enrich experience regarding gardening.
2. To understand the different stages of plant life.
3. To know how the commercial nurseries, produce and distribute the plants.
4. To learn the techniques of nursery management.

iv) Details of participants: 13 (Students-11, Teacher-02)

v) Brief summary of Events:

Department of Botany Organized Field Visit at Garden Gallery Warad Biotech Nursery at Bardapur for B.Sc. II students. Miss P.S. Maskepatil and Miss D. S. Chavan introduced the different types of plants in the nursery. Technical expert Mrs. Supare guided the students about the methods and techniques of Nursery and Gardening. She also gave information about plants like Dracaena, Casurina, Bonsai, zamia etc.

vi) Conclusion:

Students got knowledge about the methods and techniques of Nursery and Gardening. Students get aware about opportunities about Nursery and Gardening.

The students have seen the gardening implements and learned their practical use. The students also got the knowledge of plant disease management in the nursery. They also come to know the use of fertilizers for the nursery plants.
