B) Report

i) Title: Tree Plantation Awareness Rally

ii) Introduction:

Latur district have very lowest area under forest coverage *i.e.* about 0.18% of its total land area. Tree Plantation Awareness Rally is very useful to maintain Ecological Balance in the Environment. Vegetation and green cover are crucial to our eco-system and critical natural resources, seeing as how they produce oxygen, which is essential for the existence and survival of nearly every species on this planet. So, by causing or playing a role in deforestation, we are not only endangering our lives, we are also putting the entire planet at risk. We know how important trees are to our existence and for the well-being of the planet at large, which is why we have put together a number of slogans to promote afforestation and discourage deforestation and spread awareness among the people about the same.

iii) Objectives of the programme:

1. To create the awareness about the tree plantation in the society.
2. To know role of plants to the environment by providing oxygen, improving air quality, conserving water, preserving soil.
3. To stop the deforestation.
4. To increase the area under forest coverage in Latur district.

iv) Details of participants: 55 (Male-10, Female-45)

v) Brief summary of Events:
