## B) Report

i) **Title:** Field Visit

ii) **Introduction:**

Department of Botany organized field visit to Government college of Agricultural, Latur. Field visit are an essential part of the curriculum in most of the Graduate and Post Graduate courses. Field visits provide the students with an opportunity to learn practically through interaction, working methods. It gives the students an exposure to current work practices as opposed to theoretical knowledge being taught at their college classrooms.

iii) **Objectives of the programme:**

1. To collect the different diseased plant materials.
2. To understand the host pathogen interaction in the field.
3. To know about how to collect plant material for Herbarium.

iv) **Details of participants: 13 (Male- 4,Female-9)**

v) **Brief summary of Events:**

Department of Botany organized Field Visit at Government College of Agriculture, Latur. The departure at 10:00 am to Agricultural College. Prof. P. S. Maskepatil and Prof. P. V. Kumbhar guided to students how to identify diseased plant material on the basis of their symptoms as well as how to collect the infected plant materials. After collection of diseased plant materials students and teachers had their lunch and returned back to college campus.

vi) **Conclusion:**

Students get knowledge about different diseases of crop plants and the symptoms in the field.
