i. Title:

One Day National Conference on “A Journey from Innovation to Startup (JIS-2022)” and “Inauguration of RISE”

ii. Introduction:

A healthy startup ecosystem promotes economic growth and advancement inside the borders of any nation. There is a global drive to encourage the growth and development of nations through innovations and creativity.

All startup owners and business owners face challenges while trying to secure funds, pitch their concepts to investors, and give their ideas a workable commercial form. In a startup ecosystem, people will help one another to solve problems. Aspiring entrepreneurs can use it to pitch their ideas, generate money, and find the right partner or partners for their joint ventures. The Institution's wealth of innovative minds and equally helpful resources can be used to create native methods that assist the socio-cultural and economic development of the populace. The RISE aims to illustrate the idea that teamwork and leadership are crucial for success.

The current programme is designed to promote awareness of the Innovation, Incubation, and Startup Ecosystem (RISE) and to foster industry partnerships.

iii. Objectives of the Workshop/ Issues Addressed:

- To make students and teachers aware of the establishment of RISE in the Institution
- to help faculty and students grow their entrepreneurial abilities.
- to foster an entrepreneurial culture that is driven by innovation.
- to support startups based on fresh information, technology, or innovation.
- to create a network between academic institutions, financial institutions, businesses, and other organizations to create a thriving startup ecosystem.

iv. Details of Participants:

Total (200) participants (Male 104 and 96 Female) from the college attended the conference.

v. Brief Summary of Events/ Sessions:

In his remarks at the conference's opening, college principal Dr. Mahadev Gavhane stressed the significance of the RISE Incubation Center's establishment. Dr. Prakash Wadgaonkar, the chief guest, praised the college's timely decision to launch RISE. He emphasized the need for cutting-edge research and startup ecosystems in the current system of skill-based education. He also emphasized that although rural students are full of creative ideas, they lack sufficient guidance, inspiration, and infrastructure. Dr. Abhijeet Kayastha provided insight into chemical compound synthesis innovations and their significance to startups. In an online statement, Dr. Deepak Yardi urged colleges to focus on agro-related research and suggested that producing agrochemicals might be the best course of action for fledgling small businesses. Rahul Athawale, the placement officer, offered a vote of gratitude.

vi. Conclusion, with Feedback on the Workshop:

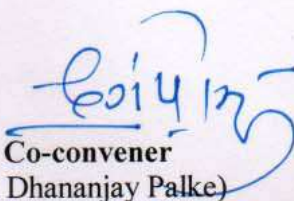

Young entrepreneurs and aspirants have become more enthusiastic about developing their talents and starting businesses as a result of the expert discussions and RISE's launch.
