A) A Summary Report of the Activity

1. Title of Programme:		Academic Workshop on Operating System Installation and Network Threads on the Occasion of National Cyber Security Awareness Month (NCSAM)	
2. Name of Organizing Department/Unit:		Department of Information Technology	
3. Name of the Coordinator(s) / Convener(s) / Organizer(s) of the Programme:		Programme Coordinator: 1. Prof. Manjusha Shinde	
4. Date(s) of the Programme:		20 October 2022	
5. Venue:		Hall No. 212	
6. Target Group:		Students	
7. Number of Participants:		Male	Female
A separate list with signatures be maintained in the department/Unit	Teacher	--	--
	Student	54	50
8. Name(s) and details of Resource Person(s), if any:		1) Mr. Kuldeep Shinde 2) Mr. Rahim Sayyad	
9. Total Expenditure for the Programme:		1500/-	
10. Source of Funding:		College	

B) Report

i. Title :

Academic Workshop on Operating System Installation and Network Threads on the Occasion of National Cyber Security Awareness Month (NCSAM)

ii. Introduction

Cyber Security is now a part of every individual's life. The more connected we get, safeguarding our digital identities becomes a shared responsibility. The more we share, the more we must care and because of that on the occasion of National Cyber Security Awareness Month (NCSAM), Department of Information Technology has organized Academic Workshop on Operating System Installation and Network Threads as an offline mode.

iii. Objectives of the workshop

- To make aware students about installation of OS and hardware
- To know the networking threads.
- To keep themselves aware about network and safety of Operating Systems.
- To aware students regarding network security current trends and basic technology requirements to solve security threats.

iv. Details of Participants

104 participants (Male 54 and Female 50) attended the Program.

v. Brief Summary of workshop

The department has organized Academic Workshop on Operating System Installation and Network Threads on the Occasion of National Cyber Security Awareness Month (NCSAM) on 20th October 2022.

Prof. Manjusha Shinde worked as coordinator for this. The department aims at identifying participant with to bring attention to the installation of O.S. and Networking threats.

To enable and equip themselves with the required information and knowledge to successfully shield themselves against various network threats and critical in O.S. installation.

In Session both resource persons Mr. Kuldeep Shinde and Mr. Rahim Sayyad provided a detailed explanation about Network Devices, Operation system installation both Windows Operating and Linux operating system, Various hardware equipment's also gives practical demonstration on Computer Awareness and network security current trends and basic technology requirements to solve security threats. The resource person detailed about the tools which can be used for enterprise level cyber security solutions. Various network attacks and defense

strategies were explained with use cases.

Methodology of the programme includes class room sessions with Practical orientation, Discussion with audio visual aid, Chalk & Talk sessions, group discussions, sharing of experiences etc. All the sessions will be interactive demanding active participation from all the participants.

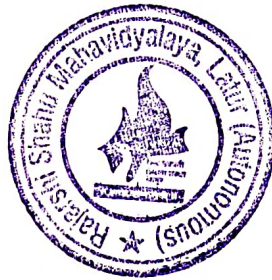

vi. Conclusion, with Feedback on the competition

We carried out a survey which included a mix of qualitative and quantitative feedback to evaluate the success and impact of the event. Given the highly positive feedback on the progress of their projects and the positive feedback on the overall workshop. The recommendations for the future from the students included better group formation and more feedback/knowledge from the trainers to help the students formulate their projects better. The students believe their teams could work better together if the groups were formed based on interests and included more team building after group formation.

D. Brochure of the Workshop

The brochure is for an academic workshop held at Shiv Chhatrapati Shikshan Sanstha's Rajarshi Shahu Mahavidyalaya (Autonomous), Latur. It is organized by the Department of Information Technology to celebrate National Cyber Security Awareness Month (NCSAM) in October 2022. The workshop focuses on Operating System Installation and Network Threads. Two resource persons, Kuldeep Kisanrao Shinde and Rahim Sayyad, are featured. A list of organizers and coordinators is provided at the bottom, along with the venue and date/time.
