IIT-JAM Report 2024-2025

The Joint Admission Test for Masters (JAM) is a prestigious National-level examination conducted for admission to M.Sc. (Two-Year), Joint M.Sc.-Ph.D., M.Sc.-Ph.D. Dual Degree, and other post-bachelor's degree programs at the Indian Institutes of Technology (IITs). The examination serves as a gateway to some of India's most esteemed research institutions and promotes scientific research as a promising career path for young minds.

Recognizing the importance of this examination and to empower aspiring students, Rajarshi Shahu Mahavidyalaya, Latur (Autonomous), under the dynamic leadership of Hon. Principal Dr. Mahadev Gavhane, established a dedicated IIT-JAM Cell during the academic year 2022–23. Dr. Nishank Pimple was appointed as the Coordinator of this cell.

A One-Day Awareness Workshop on IIT-JAM 2025 was organized on 27th September 2024 for B.Sc. second and third-year students. During the event: Principal Dr. Mahadev Gavhane emphasized the importance of JAM and assured full institutional support, including a dedicated 24x7 study room and access to reference materials. Special counselling sessions and doubt-clearing meetings were arranged by respective departments to support JAM aspirants.

A total of 29 students registered for the IIT-JAM 2025 examination, choosing centres such as Nanded, Solapur, and Pune. Hon. Vice Principal Prof. S.N. Shinde extended his best wishes and encouragement to all participating students. Coordinator Dr. Nishank Pimple personally managed logistics and accompanied students to the Solapur examination centre on 2nd February 2025, ensuring their safe and timely appearance in the exam. As a result of these dedicated efforts, five students qualified in the IIT-JAM 2025 examination, and several others cleared the GATE 2025. It is also observed that following the foundation and operations of the IIT-JAM Cell, there has been a noticeable increase in the interest of B.Sc. III year students in preparing for and taking the IIT-JAM Examination.
