11) Details:

The Workshop was arranged on 17th Dec. 2018 at 3.30 PM in Hall No. 201 of our College. Prof. Vijay Dalvi, Department of Geography, RSM Latur was as a resource person. Dr Dayanand Raje, Department of Physics and Electronics introduced the Resource Person and the theme of the Workshop.

Prof. Vijay Dalvi delivered lecture on **“Save the Mother earth from Pollution and Global warming”**. In his speech he discussed that We are the children of Mother Earth, and it is our duty to save our Earth, the causes of pollution are industrial emissions, usage of harmful chemicals, plastic usage, mining and agricultural activities, transportation and many more. We can control pollution by separating wet and dry waste, avoiding mining activities, reducing plastic usage and stopping deforestation. We can save the world by conserving trees, natural plants, natural resources, water and electricity. We should take steps to reduce emissions and the effects of global warming.

Chairperson Prin. Dr. Mahadev Gavhane said that, we must adopt the three steps ‘Reduce, Reuse and Recycle’ to limit the amount of waste we produce. We can restore the greenery on earth by planting on every available land.

Participants motivated for more aware of the importance of saving the environment from this workshop.
