11) Details				
<p>The Workshop was arranged on 24 Dec.2019 at 4.00 PM in VLC Hall of our College. Prof. S.N. Shinde HoD Dept. of Botany of our College was as a resource person. Dr D.V. Raje introduced the Resource Person and the theme of the Workshop by Dr. E. U. Musumdar, HoD Department of Physics and Electronics.</p> <p>Resource person discussed on “Efficient use of Energy & Energy Management”. In his speech he said that, the use of energy has been a key in the development of the human society by helping it to control and adapt to the environment. Energy Management System is an energy audit tool, designed to improve the utilization & optimize energy usage to reduce cost.</p>				

When we speak about energy saving and increasing energy efficiency the first thought goes to more efficient loads, such as LED lighting, variable speed drives or high efficiency motors.

Chairperson Prin. Dr. Mahadev Gavhane said that, We may think about reducing the usage of existing loads. Now a day's Solar energy becomes more and more popular and it has efficiency of the energy generation.

Participants aware about the importance of saving the Energy and its management.
