B) Report

i. Title: 'Awareness programme on Biogas'

ii. Introduction:

It is the well-known fact that population of India after Independence is increasing continuously from 38 crores to 140 crores now in 2022. Due to this boost increase in population there is increased stress on natural resources. The fuel requirement for cooking has been increased on the larger scale knowing this fact and to reduce load on natural resources e.g. Use of wood, Kerosine, LPG is preferred but it has a limit. To minimize the load on all above mentioned resources biogas can be a best option. To make the student aware about these things this guest lecture was organized.

iii. Objectives of the Programme / issues addressed:

- To upgrade the knowledge the Biogas for domestic purposes.
- To inculcate the stepwise method in installation of Biogas plant at home
- To provide the working manual of Biogas plant.
- **iv. Details of Participants:**

About 30 participants like Teachers, Students and non teaching were present for guest lecture. Which of these 19 were female participants and 11 were male participants.

v. Brief Summary of Events/ Sessions: The awareness programme on Biogas Guest lecture was need based and knowledge boosting for use of biogas for cooking and other uses like lamp lighting, heater etc. As well it was motivating for the students and researchers to construct the biogas digester tank at home and use it for domestic purposes.

vi. Conclusion, with Feedback on the Programme:

He interacted with students and answered the questions related to use of Biogas. This Awareness programme on Biogas lecture was found to be helpful to divert the attention towards the Biogas.
