4. Guest Lecture on Balance Diet on the occasion of Nutrition Week

A balanced and nutritious diet plays a crucial role in maintaining overall health and well-being. To spread awareness about the importance of proper nutrition, the Department of Zoology and Fishery Science organized a Guest Lecture on Balance Diet on the occasion of Nutrition week." The event was aimed at educating students, faculty members, and attendees on the significance of balanced nutrition and dietary habits for a healthy lifestyle. The guest speaker for the event was Dr. V.S. Shembekar, Technical Director, and SAAS Pune. The introduction of the esteemed guest was carried out by Dr. D.S. Rathod, Head, Department of Zoology and Fishery Science.

About **55 participants** attended this guest lecture, including students, faculty members, and invited guests.

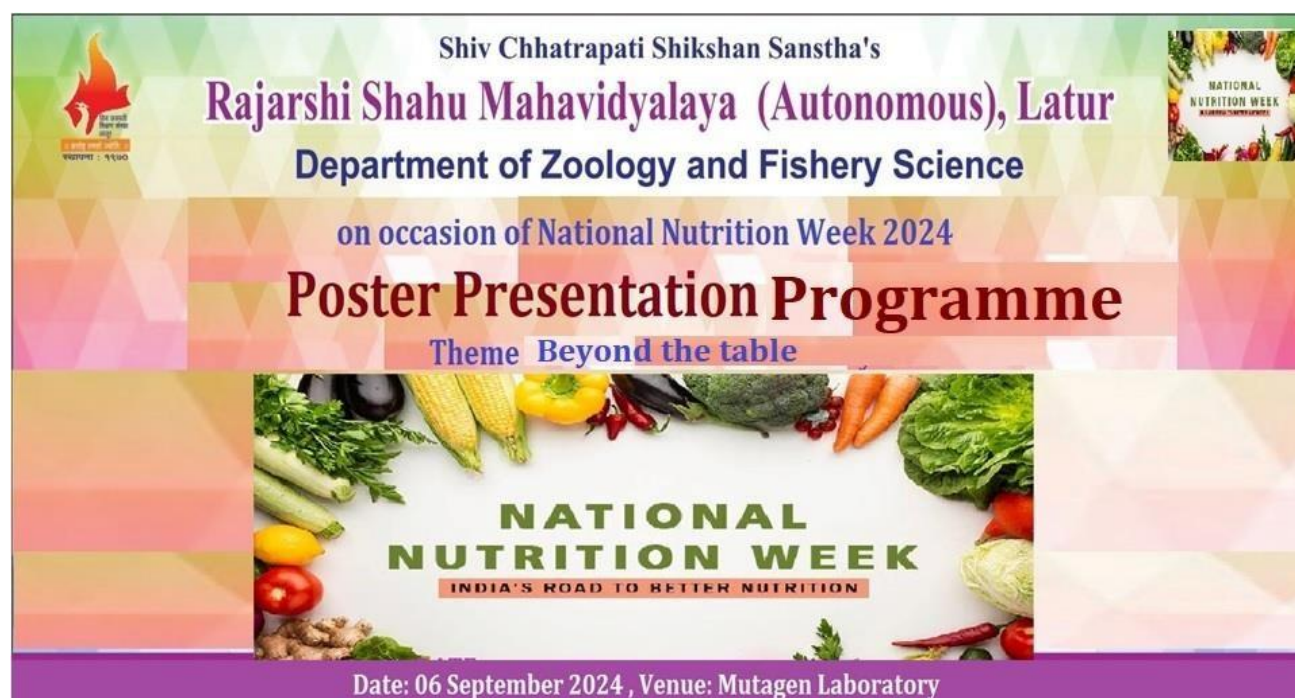

Dr. V.S. Shembekar engaging with participants, sharing valuable insights on the importance of a nutritious diet for a healthy lifestyle.

5. Poster Presentation on the Occasion of National Nutrition Week: 2024 (Date : 6.09.2024)

National Nutrition Week is celebrated annually from 1st September to 7th September. The Ministry of Health and Family Welfare usually releases the theme to aware the people about important tips of their health and well-being. The role of our diet in life plays the most important role in promotion of health and wellbeing of a human being. A good and balanced diet habit improves the quality of life, as poor diet might cause morbidity and illnesses. This year the theme is feeding beyond the table. The government has created a program to impart proper information and build awareness through Seminars and also Camps to give every Child and Citizen of India on how children can benefit from proper nutritious diet right from birth. So, keep in these views into the mind, Department of Zoology and Fishery Science had been organized Poster Presentation on occasion of “National Nutrition Week- 2024” To develop intrinsic skill among the students and to aware importance of nutrition.

There are about 106 participant were present for the presentation. Out of which Thirty four (40) male and (66) female participants present in the presentation. Present poster presentation program increased awareness about nutrition and healthy eating among the Students. Further it improved knowledge of nutrient-rich foods and balanced diets, enhanced understanding of the consequences of malnutrition.
