Department of Microbiology

A) A Summary Report of the Activity

1) Title of Programme:		"Viral and Genetic Model Presentation" on occasion of World Hepatitis Day		
2) Name of Organizing Department:		Department of Microbiology,		
3) Name of the Coordinator(s)/ Convener(s)/ Organizer(s) of the Programme:		Chief Organizer: Dr. Mahadev Gavhane Principal Convener: Dr. D. V. Vedpathak Organizing Secretary: Ms. S. S. Patil & Ms. R. S. Gudda		
4) Date(s) of the Programme:		19 th August 2026		
5) Venue:		Microbiology Laboratory		
6) Target Group:		Teachers and Students		
7) Number of Participants:		Male	Female	Total
A separate list with signatures be maintained in the department/Unit)	Teaching	01	05	06
	Non-Teaching	01	-	01
	Students	17	48	65
8) Name(s) and details of Resource Person(s), if any:		Nil		
9) Total Expenditure for the Programme:		Nil		
10) Source of Funding:		NA		

B) Report

i. Title: "Viral and Genetic Model Presentation" on occasion of World Hepatitis Day.

ii. Introduction

World Hepatitis Day is observed globally to raise awareness about viral hepatitis, its prevention, early diagnosis, and effective management. To mark this occasion, the Department organized a "Viral and Genetic Model Presentation", providing students with an interactive platform to explore the structure, transmission, and genetic aspects of hepatitis-causing viruses. Through creative model-making and scientific presentations, participants gained a deeper understanding of viral morphology, genomic organization, modes of infection, and the mechanisms by which hepatitis viruses cause disease. This activity not only promoted scientific curiosity but also encouraged students to contribute to public health awareness by learning about global efforts to eliminate hepatitis. The event served as an engaging educational experience, blending creativity with molecular and virological knowledge.

iii. Objectives of the Program

- a. To create awareness about viral hepatitis, its types, transmission methods, prevention, and global health impact.
- b. To enhance scientific communication skills by encouraging students to present and explain their models effectively.
- c. To promote creativity and conceptual understanding by integrating art, design, and virology.

iv. Details of Participants

65 Student participants (Male 17 and 48 Female) attended the programme

v. Brief Summary of Events/ Sessions

The Department of Microbiology, in collaboration with the MICROBIOL Association, organized the "Viral and Genetic Model Presentation" to commemorate World Hepatitis Day on 19th August 2025 at 11:00 AM. The event was inaugurated by Hon. Vice-Principal Prof. S. N. Shinde, who opened the program with a ribbon-cutting ceremony. Visitors showed great interest in learning about viral structures and molecular components. Students displayed well-crafted and visually appealing models and effectively explained their concepts to the attendees.

vi. Conclusion, with Feedback on the Programme:

The "Viral and Genetic Model Presentation" conducted on the occasion of World Hepatitis Day proved to be an enriching and informative academic activity. The programme successfully met its objectives by enhancing students' understanding of viral structure, genetic organization, and mechanisms of hepatitis infection through creative model-based learning. Participants demonstrated strong communication skills while presenting their models, and the event fostered curiosity, collaboration, and scientific awareness among students and visitors alike. Overall, the programme not only promoted awareness about hepatitis but also encouraged active student engagement in public health education, making it a meaningful and impactful learning experience.

vii. Any Appendix, If Necessary: Nil
