**Department of Biotechnology**

**A) Summary**

1) Title of Programme	Blood Donation Camp			
2) Name of Organizing Department/Unit	Biotechnology			
3) Name of the Coordinator(s)/ Convener(s)/Organizer(s) of the Programme	<b>Convener:</b> Dr. Mahadev Gavhane (Hon'ble Principal) Prof. Sadashiv Shinde (Vice Principal) Dr. S. S. Kulkarni (Head. Dept. Of Biotechnology)			
4) Date(s) of the Programme & Time	12 <sup>th</sup> January 2026			
5) Venue/Mode	Immunology and Virology laboratory, Department of Biotechnology, Rajarshi Shahu Mahavidyalaya, Latur (Empowered Autonomous Institution)			
6) Target Group	UG Students and PG Students			
7) Number of Participants	Male	Female	Total	
A separate list with signatures should be maintained in the Department/Unit)	Teaching	02	00	02
	Non- Teaching	02	00	02
	Students	24	02	26
8) Name(s) and details of Resource Person(s), if any	Mauli Blood Bank, MIDC area, Latur.			
9) Total Expenditure for the Programme	Nil			
10) Source of Funding	Nil			

## **B) Report**

### **i. Title:** Blood Donation Camp

### **ii. Introduction:**

The Department of Biotechnology, Rajarshi Shahu Mahavidyalaya (Empowered Autonomous Institution), Latur, successfully organized Blood Donation Camp in Collaboration with Mauli Blood Bank , MIDC, Latur on dated 12 January 2026 on the auspicious occasion of National Youth day, with the broad aim to contribute in the great social responsibility as now a days the major hospitals in latur facing the problems of shortage of blood and doners and aspirants are limited so in order to cope the demands of hospitals, blood banks are trying to fulfill the needs, with this broad tittle department of Biotechnology have taken a initiatives and contacted to Mauli Blood Bank, MIDC, Latur. Hence as a part of small stake holders in the society students should be much aware and educate about the importance of Blood donation so as to resolve the necessary complications

### **iii. Objectives of the Workshop/ Issues Addressed:**

- To promote awareness about the importance of Blood Donation among young Biotechnology students.
- To educate students about the role and functioning of smaller participatory and community activities in the overall maintainace of public health.
- To inspire and guide aspiring student and inculcate the moral values towards society as a social responsibility in the health care management and transform their scientific knowledge and research into practical with social responsibilities.

### **iv. Details of Participants:**

Total no of Students 30 (Male 28, Female 02)

### **v. Brief Summary of Events/ Sessions:**

Blood Donation activity are such a great initiative which has been focused by Government as well as several Non- Government Organizations and Institutions all over the world, because of number of reasons, as we are facing the shortage of blood and related complications. The hospitals are also lacking the blood component to initiate the surgical operations and medications to the patient The overall maintainace of public health is depend on adequacy of blood in the respective organization such as Blood banks. Blood

Donation activities which have been included in every policy at Government and community level, with these objective Department of Biotechnology have organized the Blood Donation activity at Department of Biotechnology The event commenced with a warm welcome by Hon'ble Head of Department Dr. Sachin Kulkarni and Blood donation was inaugurated with the active participation by donating the blood by HOD. The entire team of Mauli Blood Bank and students of Biotechnology was present and actively participated in this mission. Total 26 students of Biotechnology along with two faculties Dr. S. S. Kulkarni and Dr. R. B. Ade have lead the doners of Biotechnology students. The entire team of Mauli Blood Bank staff have taken active participation by providing all the facilities and required food materials for student participants. The program concluded with a vote of thanks delivered by Dr. R. B. Ade marking the successful closure of the event.

**vi. Conclusion, with Feedback on the Workshop:**

Students gained a clear understanding of how their academic knowledge can be translated into social responsibilities with viable business ideas with the support of infrastructure facilities and innovation centers. The interactive nature of the discussion during this event have encouraged active participation and curiosity among the Biotechnology students making the learning experience more engaging. Feedback received from participants and students was overwhelmingly positive. Students appreciated the clarity and relevance of the said activity and future collaborative research activity and many expressed interests in exploring entrepreneurial opportunities in the future.
