1. Preamble

It is need of present time to work in collaboration to achieve and maintain the education and research standard in any Institute. An Individual academicians from University Campus and Constituent colleges should join hands in academics and research. This initiative helps to increase the academic standard as well as excellence in Higher education. The same initiative also helps in tackling particularly the local problems and work together for the sustainable development of the region.

There is an urgent need to establish close collaborations between and or Institute to provide solutions to the academic issues like:

- Difficulties faced by graduates in the day to day life.
- Transfer of theoretical base of the institutes.
- To make training modules for different user groups.
- Rapid development of new technologies (GIS, GPS) and the scope for College to seek new resources.
- Paucity of practical training and exposures to students and researcher.
- In addition to this the institutes can take up the inter-disciplinary and multi-specialized projects sponsored by different funding agencies as a part of intellectual and infrastructure development.
- To arrange academic tour on Geographical locations
- To visit Geographical laboratories

About Shiv Chhatrapati Shikshan Sanstha's, Rajarshi Shahu Mahavidyalaya, Latur (Autonomous)

Rajarshi Shahu Mahavidyalaya (Autonomous), Latur, the higher educational institute of Shiv Chhatrapati Shikshan Sanstha's, was established in 1970. In the beginning, we had to fight for survival due to the problems of accommodation, finance and non-recognition by the elite class of the society of this region. The adverse situation was in a real sense proved to be a boon and an opportunity to us. We aim at providing quality education to the underprivileged students of the region. It started functioning since June 1970 with just 51 students in the undergraduate programs of Arts and Commerce and introduced UG Science in 1971, then affiliated to Marathwada University, Aurangabad. The institute had gone through a chain of adverse situations and a tuff journey for a decade like an Ancient Mariner. In 1978, a history was created as three out of three University merits in UG Commerce were from our institute which brought name, fame and recognition to the institute. Since then, the tradition of merit has been maintained with the motto-Pursuit of Excellence.

We are now known for academic autonomy, plurality, peculiarity and leadership. Our experiments, excellence and the tradition of merit in education have created the Shahu Pattern of Education. Shahu Pattern is devotion, dedication, consistent and untiring striving by inspired teachers, motivated students helped by hard working non-teaching staff, encouraged with ideas and incentives, non-interference, insistence on idealism, ethical values, excellence in education by the management - all put together makes a driving force - an Engine. Yes - this is Shahu Pattern widely known as Latur Pattern of education.

About Department of Geography

About Department of Geography was established in 1973, was like a nebula serving only to cater the needs of UG courses in Geography. In 1985 we turned into a protester and started PG program. Since the inception of our Parent University till our autonomous status, most of the merit holders at UG and PG programs are from our department. At present department is fully developed like a star. Now department is a recognized research center and faculties are recognized Ph.D. guides. Well qualified, experienced and dedicated faculties are the core of the department who serve to cater to the academic needs of UG to doctoral research programs. An additional feather in our cap is, we are one of the Star Departments under UGC-CPE Scheme. Which has strengthened the infrastructural facilities and academic achievements of the department. Our faculties played a vital role by working by contributing their services as NSS Program Officer, NCC In-charge Officer, CoE, Chairperson of Research Center and Coordinator of Arts Faculty. The Bhugol Mandal ('The Students Association of Geography'), is a platform for the students of geography. Every year it conducts various co-curricular activities like - Geographical Tours, Quiz Competitions, Debate and Elocution Competitions, Poster Presentation, Map Reading, Field Visits, Socio-Economic Surveys to disseminate the knowledge of the world we live in.
