From the Desk of the Chairperson...

Sociology is a vibrant subject, which studies human society in scientific manner. Department of sociology established in 1970 from the establishment of college. Department of sociology has a great legacy of our former Head of the departments like Dr. Ram Vagh, Dr. Suresh Waghmare who have given academic contribution in the development of students through academics. Having a student centric approach, teaching faculties give an emphasis to conduct such activities, which will be useful for students to improve analytical abilities and communication skills having social sense. Another feature of the discipline is a use of innovative teaching-learning practices in regular teaching like brain storming sessions, participative learning, outreach programs, active social work, field visits etc. New trends in sociology is also a part of teaching –learning and activities in the department.

As per the National Education Policy 2020, department of sociology introduces course, which will equip students to achieve success in academics and get various career opportunities in the field of academics, research, professional counselling, media, competitive exams, NGO, public and private sector, C.S.R. etc.

Courses designed for sociology learners as per NEP2020 will enrich them with the academic knowledge of sociological discourse and applied skills, which will be helpful to them for developing their personalities as a responsible social citizen having human values.
