Aquaculture : I have worked as fish farming consultant for a big fish farm in our region (Sudarshan Fisheries Corporation, Ltd.), located near Parbhani. In addition to this, I am extending services to fish farmers. Technical guidance is also given to fishermen and entrepreneurs.

Success in Research Festival-Avishkar: Since the inception of Avishkar, every year our students fetch at least first two prizes.

Besides Avishkar, Our students are motivated to participate in different regional or state level science competitions.

Avishkar 2008- at SNTT,Mumbai – First

Avishkar- 2010- Second

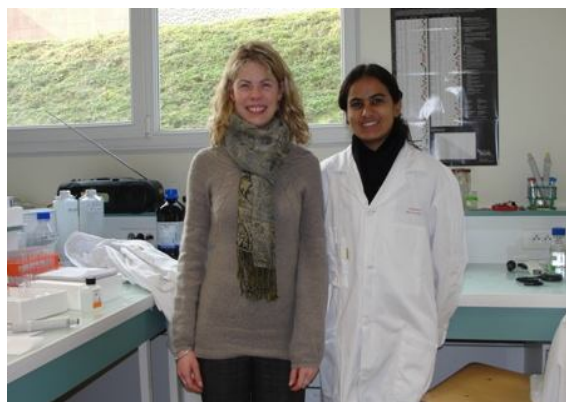

First Two prizes fetched Avishkar-2011

Selection of Students for Training in Lille 1 University, France

We have signed MoU with Lille-1 University, France. It is agreed to work in collaboration in the research areas of mutual interest. Exchange programme for PG students were also decided. The first batch of 2 PG students was sent to undertake internship / research project of 4 months duration. They were supported financially by Lille 1 University. These two students appeared in the merit list and are now selected for further Ph.D. programme in Lille1 University, France.
