Objectives/ issues addressed:

The main objective of organizing this workshop for students is to provide information about the role of DBA in software industry as well as the recent trends in the field of DBA.

The resource person had guided Oracle Cloud and Opportunities in industry, how to have hands on Oracle Cloud. He has also focused on various certifications required for applying for the post of Database Administrator and job openings under oracle cloud etc. He gave emphasis on Oracle Architecture and applications used for Oracle Cloud.

Outcome:

Total 240 participants get benefited with the knowledge shared by the resource person about an Oracle Cloud and Opportunities in IT industry.
