e-governance Report 2020-21

Planning and Development

The College has constituted a committee to prepare academic calendar. The committee schedules semester wise teaching days, BoS meetings, Academic Council Meeting, meetings of various Cells, Students Association Activities, Students Council and Examination planning. The Academic Calendar also includes schedule for Co-curricular and extra-curricular activities. Meeting intimations for Governing Body, Academic Council, Finance Committee, BoS, CDC, etc are circulated through email in addition to the hard copy. Google sheet is used to prepare master copy of timetable. Google Calendar is used for planning various academic and non-academic activities.

Administration

Implementation of different strategies to reduce paper trails, Notices/Circulars are sent to the faculty via institutional email as well as WhatsApp group. Student notices are circulated through Telegram Channel and WhatsApp groups. IQAC, academic committees and departments have started using Google facilities such as Google forms for obtaining feedback of Students, Parents, Teachers, Conference/Seminar Participants, etc.

Finance and Accounts

The Accounts section uses software such as Tally.ERP 9, MasterSoft ERP Solutions and Microsoft Excel to maintain college accounts in a systematic manner. Salary and Tax calculation is done on a CMS MasterSoft. The salary slips are generated through same software.

Student Admission and Support

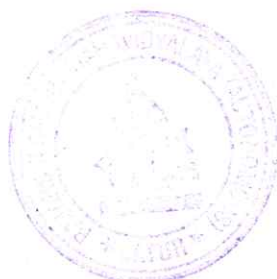

Registrations and Admissions are done online using MasterSoft cloud based software. The student can use online services to pay fees, register for examinations, apply for scholarships, etc. The student's enrollment number, roll number, etc are generated online. The teaching plan, syllabus, schedule for activities and news and announcements are available on college website. The students can access the library digitally.

Examination

MasterSoft ERP is used for generation of seat numbers and hall tickets, preparation of exam schedules, preparation of schedule for paper setting, issue of paper setting orders and generation of grade cards.

A customized software prepared by Matter Softwares was used for online conduction of Semester End Examination.
