7.3 Institutional Distinctiveness

Pursuit of Excellence in Higher Education

Year: 2018-19 to 2022-23

Shiv Chhatrapati Shikshan Sanstha
Rajarshi Shahu Mahavidyalaya, Latur
(Autonomous)

"Excellence is not an accomplishment. It is a spirit, a never-ending process."

– Lawrence M. Miller

Rajarshi Shahu Mahavidyalaya Latur, (Autonomous), the higher educational institution of Shiv Chhatrapati Shikshan Sanstha, was established in 1970. The institution initially faced challenges in surviving, including accommodation, funding, and lack of acceptance by the region's upper class. The unfavorable circumstances really turned out to be a blessing and an opportunity for us. The institution was founded on strong values to realize its mission of providing the underprivileged students in the area with access to a top-notch education.

The institution commenced functioning in June 1970 with just 51 students enrolled in the undergraduate arts and commerce programmes. In 1971, it incorporated UG science, and at that time it was affiliated with Marathwada University, Aurangabad. Like an Ancient Mariner, the institute had endured an uphill battle and a series of adverse situations over a decade. In 1978, a history was created as three out of three University merits in UG Commerce were from the institute which brought name, fame and recognition to the institute. Since then, the **Pursuit of Excellence** mission and the vision," To evolve as a world class dynamic center of higher education disseminating knowledge rigorously at affordable cost and to emerge as a premier centre that promotes technological competence and democratic values" have served to uphold the legacy of achievement and excellence.

Our academic autonomy, diversity, distinctiveness, and educational leadership are widely recognized. Its inventiveness, eminence, and the legacy of excellence in education led to the creation of the **Shahu Pattern** of Education. The Shahu Pattern's success is ascribed to the determination, commitment, and dedication of motivated teachers; enthusiastic students; conscientious support staff; the management's non-interference approach; their emphasis on idealism and ethical values; and their concern for the pursuit of excellence in education. The distinctive educational **Shahu Pattern**, also referred to as the Latur Pattern of education, is propelled forward by all of these components working together.

All institutional activities and programmes naturally revolve around the institutional mission, **"Pursuit of Excellence,"** and vision, "To evolve as a world class dynamic centre of higher education disseminating knowledge rigorously at affordable cost and to emerge as a premier centre that promotes technological competence and democratic values." The Vision focuses essentially on four aspects: Academic Excellence, Value based Education, Research, and Sustainable Development. The institution gives equal emphasis on all significant facets of comprehensive teaching and holistic education in addition to its academic brilliance.

The institutional distinctiveness is portrayed through **SHAHU05 Es** – **E**xcellence in Academics, **E**xploration of Knowledge through Research, **E**ncouragement for Competitive Examinations, **E**ngage in Innovative Practices in Education and **E**xponent of holistic personality development.

SHAHU 05 Es is a systematic mechanism to provide the institution role models of the **E**xcellence, **E**xploration, **E**ncouragement, **E**ngage and **E**xponent features of the educational impulses that lead to **Excellence in Higher Education**. The institution acquires distinctiveness from this pursuit of excellence, which it then leverages to become a vibrant, world-class centre for higher education.

Vision of the Institute

"To evolve as a world class dynamic centre of higher education disseminating knowledge rigorously at affordable cost and to emerge as a premier centre that promotes technological competence and democratic values."

1.Excellence in Academics

"We are what we repeatedly do. Excellence, therefore, is not an act but a habit."

– Aristotle

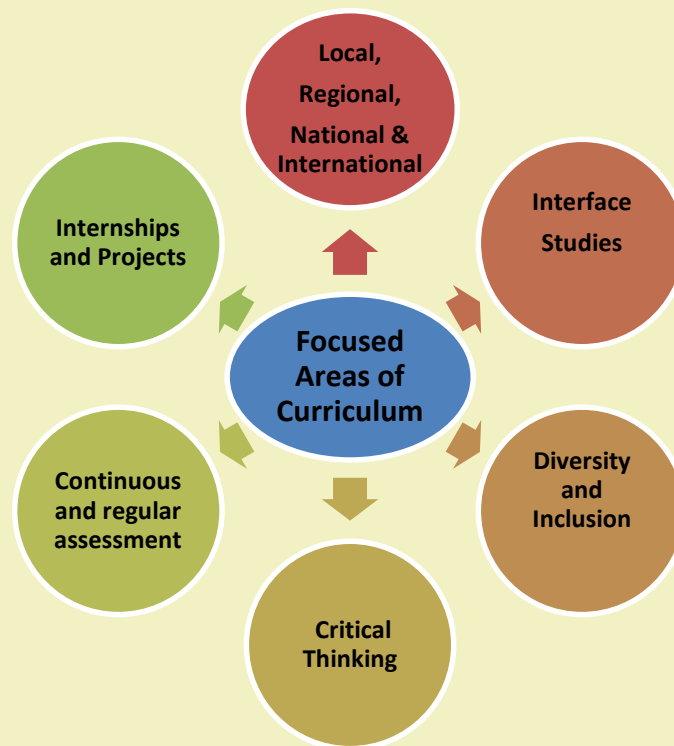

Higher education institutions are essentially centres of learning, preferably with inclusive education and universal access to knowledge across a wide range of disciplines. Academic excellence and performance of graduates in job opportunities are now confounded due to an overemphasis on rankings, which are frequently of questionable quality. The "compensation" graduates receive is therefore a very poor indicator of their success. In a globalized world where there is "talent war", exceptionally gifted students are compensated exceptionally well; yet, academic excellence is much deeper and must be cultivated and nurtured. Rajarshi Shahu Mahavidyalaya has considered this tug-of-war between the academic excellence and the demand of the stakeholders from the education. The institution has given its focus on the three major components – faculty, students and the supporting environment – which strive for excellence together.

1.Practice

Following strategies are strictly observed to achieve the **E**xcellence in **A**cademic:

- Rajarshi Shahu Mahavidyalaya is the first institution in the Marathwada region to pursue academic autonomy in order to preserve its focus on student-centered programmes and attain **E**xcellence in **A**cademic.
- The faculty recruiting process at the institute is transparent in order to attract the "best talent."

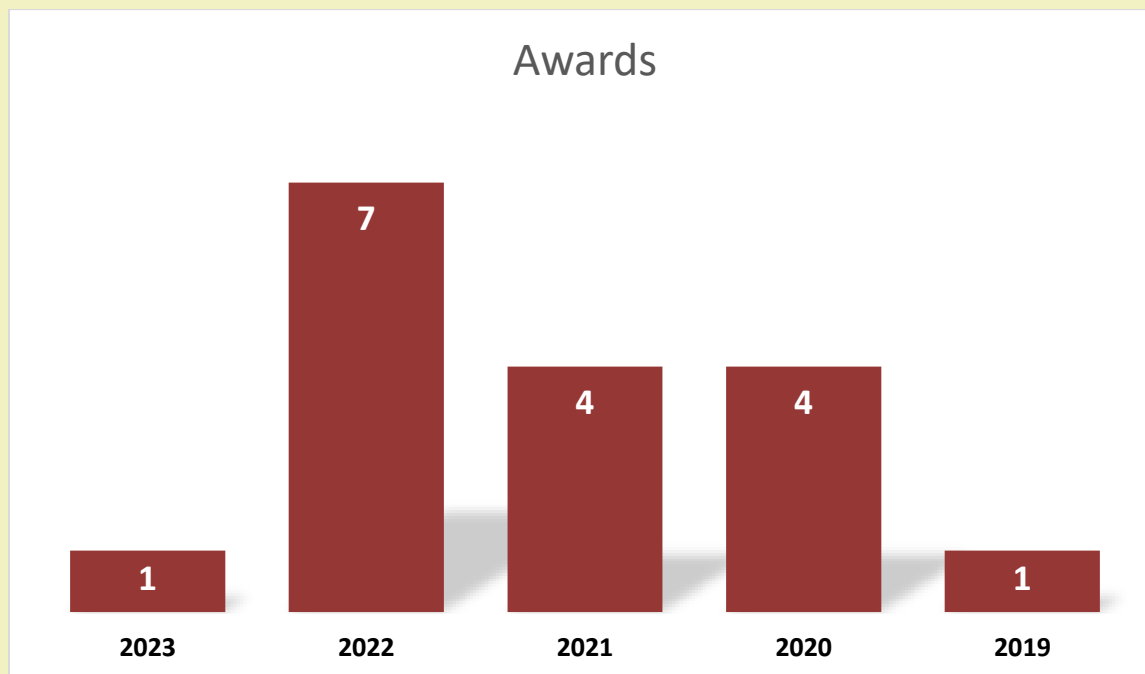

- At the same time, getting the right set of students is equally important for academic excellence. The institution has a fair and equitable admission process that avoids discrimination by basing all admissions on merit.
- The institution provides intellectual, physical and organizational environment that fosters excellence.
- The institution encourages diverse, adaptable, and applied instructional methods that serve a variety of learning styles and student needs.
- The institution is dedicated to continuous improvement through benchmarking, data informed decision making, and alignment with current and projected market conditions.
- The institution emphasizes leadership and professional development of faculty, staff, and students.
- The institution ensures students are exposed and have access to inter- and trans-disciplinary course offerings with outcome-based learning opportunities
- The institution established a Curriculum Design and Development Committee to research current trends in the field and assist the faculty in keeping abreast of these developments.

2. Outcomes:

These strategies have truly shown to be effective, as the institution has been recognized and awarded by numerous organizations.

2. Exploration of Knowledge through Research

“Excellence is not a skill. It is an attitude.”– Ralph Marston

Exploration strategies have been thoroughly deliberated in the research area in order to provide innovation with the maximum resources accessible. The academic research indicates that learning has two aspects: the creation of new knowledge (exploration) and the use of existing knowledge from various sources (exploitation). The institution has set the goals and ways to motivate the staff and the students for **E**xploration of Knowledge through Research. To enhance Research Productivity, the institution has developed the model for improving the higher educational research output.

Following steps are taken for **E**xploration of Knowledge through Research:

- The major objective of higher educational institutions is creating new knowledge and skills and imparting them to the students. With this responsibility, the institution has developed the Policy and the Research Committee to add research as major component of higher education curriculum.
- The institution has established the Rajarshi Innovation, Incubation and Start-up Ecosystem (RISE) to inspire faculty and students to pursue research-focused projects.
- The institution signed active MoUs with reputed institutes and industries to explore the horizon of the innovation initiatives.
- The institution motivates the faculty to apply for the various Research Organisations like ICSSR, WRC Mumbai, DST, SERB, ICPR, SRTMU, Nanded etc.
- The institution has generated institutional research fund to support any activity related to research and publication.
- The institution supports valuable research in specific fields by offering scholarships and fellowships to research scholars, students and staff.

- The institution has set up research centres in identified areas and promoting research through them.
- The institution has created infrastructure for research centres, IT facilities, online information and database subscription through national library networks.
- The institution periodically organised national and international conferences with the enthusiastic involvement of faculty and students.
- The institution sets up targets for publications to faculty members and monitoring the progress periodically.
- The institution has created research environment through students' involvement in research based projects guided by faculty members and industry collaborators.
- The institution has well developed policy towards including research papers along with industry internship projects to involve students in research activities.
- Students are compiled to write at least one case study or one empirical research project during their graduation and post-graduation course period along with their faculty guide.
- Research Committee released ISBN Research Book Chapters with the relevant issues to provide faculty members a forum to publish their research articles.
- The institute honours the faculty and students every year who contributes considerably for new knowledge creation through research publications.
- The research committee takes initiative in monitoring the research performance of its faculty members periodically. The committee reviews the progress of each and every faculty in preparation of papers for forthcoming conference/project and improvement of previous conference/project presented paper for journal publication.

2. Outcomes:

The institution's ways of advancing knowledge through research have been incredibly effective, as evidenced by the involvement and exploration of research components by staff and students, which improves the institution's reputation both nationally and internationally.

विषय : आपल्या महाविद्यालयास मराठी विषयात संशोधन केंद्रास मान्यता प्रदान करणे बाबत
संदर्भ : आपले पत्र क्रमांक 971, दिनांक 18/8/99

महोदय,

आपल्या महाविद्यालयास मान्य विद्याशास्त्रे अंतर्गत मराठी विषयासाठी संशोधन केंद्र मान्य करण्याविषयी आपण सादर केलेल्या प्रस्तावावर महाराष्ट्र विद्यापीठ कायदा, 1994 कलम 84 तसेच विद्यापीठाने पारित केलेल्या परिनिष्पन्न क्रमांक 29 अन्वये विहित कार्यवाही पूर्ण करण्यात येऊन विद्यापीठाने निष्पन्न केलेल्या प्रा.डा. प्रकाश मेदकर यांच्या अध्यक्षतेखालील समितीचा अहवाल विद्या परिषदेच्या बैठीने स्वीकारून खालील अटीच्या पूर्तते अशी मराठी विषयातील प्रस्तावित संशोधन केंद्रास 1999-2000 शैक्षणिक वर्षापासून मा.कुलगुरुंनी मान्यता दिली आहे.

अटी :-

- 1) महाविद्यालयाच्या ग्रंथालयात संगणकाची सोय उपलब्ध करून देण्यात यावी. 'I LEAP' शी मराठी पॅकेज उपलब्ध करून देण्यात यावा व प्लॉटिंग संदर्भ संग्रहित करण्यात यावेत.
- 2) ग्रंथालयाच्या अभ्यासिकेत संशोधन छात्रांसाठी स्वतंत्र काचनकस (Cabines) उपलब्ध करून देण्यात यावेत.
- 3) तैलनिक साहित्याभ्यास, भाषांतर मौमोस या विषयावरील संदर्भग्रंथ घेण्यात यावेत तसेच जाधवपूर विद्यापीठाचे "The Journal of Comparative Literature" हे नियतकालिक घेण्यात यावे.
- 4) लातूर जिल्हा सीमावर्ती भागात असल्याने या परिसरातील भाषिक परिवर्तन, सांस्कृतिकता यांचा तैलनिक अभ्यास करण्यासाठी प्रचंड सामग्री उपलब्ध आहे. मराठी विभागाने अशा प्रकारच्या संशोधनाचे प्रकल्प प्रस्ताव विद्यापीठ अनुदान आयोगास सादर करावेत व संशोधन प्रकल्प हाती घ्यावेत.

3.Encouragement for Competitive Examinations

We don't settle for anything less than Excellence- Steve Jobs

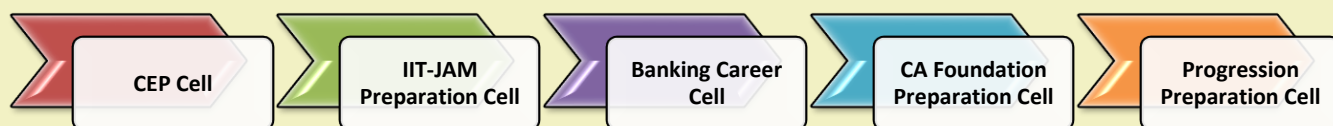

IIT JAM /SET/NET

“Learn as if you were not reaching your goal and as though you were scared of missing it”

Rajarshi Shahu Mahavidyalaya with excellence in studies of world class standards and infrastructure emphasizes on the student proficiency in the competitive examinations. The institution established **Shahu Prabhodhani** (competitive examination center) in **1996** to **E**ncourage aspirants from the institute and also from outside the institute for Competitive Examinations and attaining their goal of contributing to the development of nation. The vision of establishment is to provide guidance to students of rural area who cannot afford coaching in cities. The Centre is dedicated for conducting various activities for grooming the students for various competitive exams. The main objective of the Centre is to make available a platform, for

aspirants of UPSC, MPSC, and other competitive examinations, where they can get all the help and guidance they need. Initially, the Centre conducted classes and organizes seminars with several eminent speakers with extensive experience in the MPSC and UPSC domains. The institution launched the special programme B. A. Programme in Competitive Examinations (CEP) in 2016. The institution holds that when it comes to preparing for competitive exams, "the sooner the better" applies. Usually students begin preparing for competitive examinations after graduating, which means they are unable to fully use their crucial undergraduate years to establish a solid foundation for success in competitive exams.

Functioning Units under Shahu Prabhodhani:

These units create and carry out the programmes and activities that direct students towards the competitive examination in numerous fields. The yearly schedule is followed in order to accomplish the goal of providing students a solid foundation for success in competitive exams.

1. Practice

- The CEP Cell offers a special undergraduate programme batch for individuals who prefer to focus only on a career in the civil service.
- CEP Cell arranges video sessions for Sanvidhan, Pradhanmantri, and Budget Episodes to help students understand how the sessions are conducted.
- CEP Cell organizes Weekly MCQ Practice Test to evaluate students' comprehension.
- CEP Cell hosts seminars to improve presentation abilities and increase visibility of the students.
- CEP Cell organizes Guest Lectures on various issues concerned to Civil Service Examinations.
- CEP Cell plans educational tours for students incorporate new perspectives with non-formal settings to improve learning initiatives.
- CEP Cell conducts group discussions to promote a deeper understanding and increase long-term retention among students.
- CEP Cell aims to expand students' vocabulary through daily news writing exercise using difficult words and their associated meanings.
- CEP Cell arranges the Competitive Exam Workshop to motivate the students regarding competitive examinations.
- CEP Cell conducts the classes for those students who are preparing for civil service examinations with their academic course.

- CEP Cell provides assistance and preparatory resources to students attempting to become officers in the army through entrance exams.
- The counselling sessions are one way that the IIT-JAM Preparation Cell encourages candidates to register for the examinations.
- The institution has identified the four departments namely- Mathematics, Physics, Chemistry and Life Sciences to conduct the sessions for the preparation of IIT-JAM classes.
- These departments crate their own time-tables for conducting the lectures.
- IIT-JAM Preparation Cell conducts theOnline practiceand Mock Test for the students.
- The co-ordinators make arrangement for students to attempt the exams at the centres.
- Special coaching is offered to interested students in preparation for the banking sector exams.
- The institute provides the CA Foundation Course to students who want to become Chartered Accountants.
- The institution's postgraduate departments host preparatory courses for the SET/NET, PET exams. And CEP Cell faculty teaches the first common paper for these exams.
- The Placement Cell collaborates with all of these Cells to offer jobs to students on campus.

4. Engage in Innovative Practices in Education

"Excellence is to do a common thing in an uncommon way."

– Booker T. Washington

The institution persuaded that the most important factor in the contemplated educational construction is to Engage in Innovative Practices. Innovation is a practice perceived as 'new' to bring change in the existing. It is evident that innovations in education occur through assimilation of new ideas i.e. introduction of new pedagogic approaches, new teaching-learning material including textbooks, better professional training of in-service teachers, using technology, new assessment methods etc. Innovation in education encourages faculty and students to explore, research and use all the tools to uncover something new. It involves a different way of looking at problems and solving them. The institution has created space for inventing and implementing new ideas for educational practices. The institution continuously employs an innovative and cutting-edge educational model that is introduced and modified in response to changing needs. The institution has decided criterion to be brought into the system. 1) Development of student in soft skills, communication skills, etc., 2) Experimental studies. 3) Research oriented syllabus. 4) MoU with institutes and industries. 5) Foreign language. 6) Participative learning. 7) Joint projects 8) Online Learning and Virtual Classrooms Embracing the Digital Wave

With all of the aforementioned variables taken into account, the institution has made a number of innovations that have improved the way the institution operates. Innovations introduced in the institute during last **5 years**:

5. Exponent of Holistic Personality Development

Excellence is the unlimited ability to improve the quality of what you have to offer.

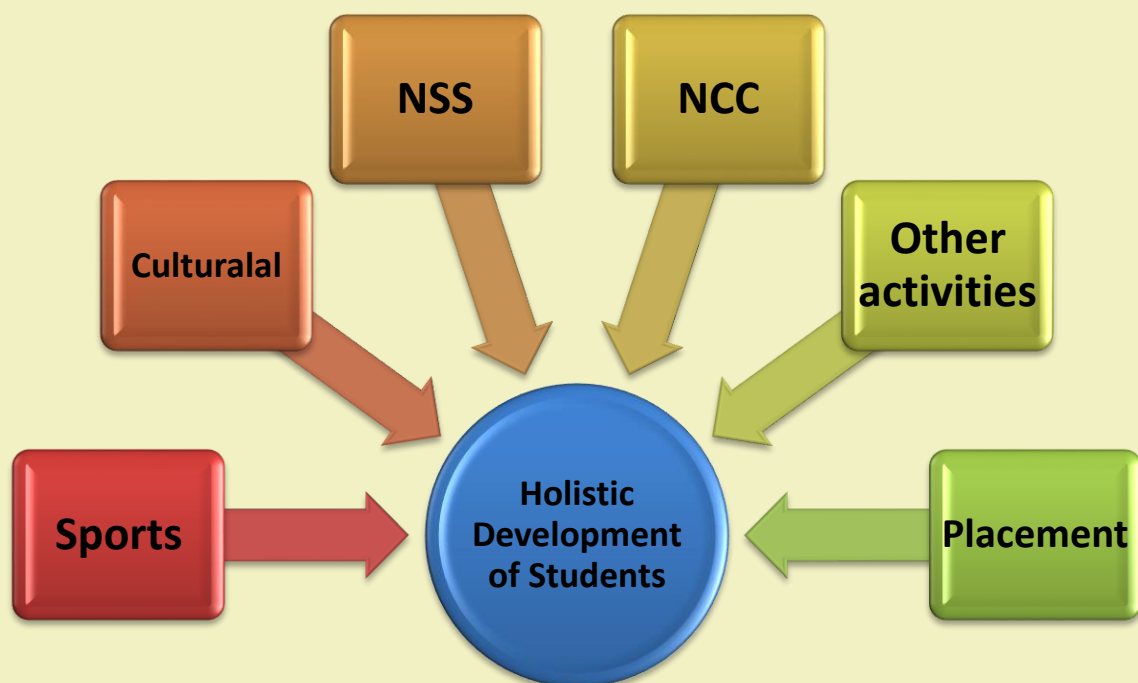

Rick Pitino

Despite its modest beginnings, the institution has expanded over time as a result of the professional attitude and excellent education we offer to our students. One more factor contributing to our expansion is the enthusiasm of the students from rural areas to learn new things. The practical approach to the teaching and learning process is now essential for the future of education. The main mission of the institution is to establish an environment that is **Exponent of Holistic Personality Development**.

As visible from Vision and Mission statements, the institute has been focusing on the holistic development of students besides aiming at excellence in education. The institute places a strong emphasis on the holistic development of students and provides them with every opportunity and resource to facilitate their holistic development. The institution believes that education sharpens the young minds and ignites their intellect. The institute strives to have a symbiosis of academic and holistic development. To make them a responsible global citizen of the future, they are groomed by dedicated and experienced faculty. Emphasis is made on Extra-curricular and Co-curricular activities for overall growth and personality of students. For holistic development, in addition to formal education the institution encourages students to take part in personality enhancing activities such as cultural, soft skills, computer skills, extension services sports, NSS, NCC, oratory to enhance their intellectual, emotional, interpersonal abilities and logical thinking.

Thus, the student centric activities at the institute are designed to achieve holistic development of the students. The institution has focused on the basic aspects namely, the intellectual, social, physical, and emotional developments through the support units like:

1. Excellence in Sports

The institute promotes physical activities among the students to cultivate many important skills such as physical fitness, team spirit, confidence, decision making, mental strength, etc. of the students. The Department of Physical Education provides platform to the students to actively participate in various games like Wrestling, Kho-Kho, Basketball, Softball etc. at University level, State level, National level. Sports activities are one of the areas where the institute has excelled.

2. Excellence in Cultural Activities

The institution has given the focus on various cultural activities to motivate the students to show their hidden talent. The Cultural department also provides them an opportunity to participate in various cultural competitions of the University, State and National level. The Excellence shown in the Cultural Activities are:

2018-19 to 2022-23	42	https://www.shahucollegelatur.org.in/culunit.php

3. Excellence in NSS

National Social Services (NSS) three units are working in the institution to make the student self-reliant and develop leadership qualities. 300 students are registered in NSS. We are very proud to say that our NSS volunteers are real heroes of the nation. NSS volunteers got opportunities to take part in various government led community service activities & programmes. And this provides hands on experience to young students in delivering community service.

4. **Excellence in NCC (Boys & Girls)**

The institute has established Boys Unit and Girls National Cadet Corps Units in 1972. The NCC aims at developing character, comradeship, discipline, a secular outlook, the spirit of adventure and ideals of selfless service amongst young citizens. Further, it aims at creating a pool of organized, trained and motivated youth with leadership qualities in all walks of life, who will serve the Nation regardless of which career they choose. Needless to say, the NCC also provides an environment conducive to motivating young Indians to join the armed forces. The institution's students exhibit their excellence in these areas by competing in various competitions.

5. **Excellence in other activities**

The institution holds that debate; oratory, Essay Writing abilities foster the growth of vital life skills in addition to academic abilities of the students. The four essential life skills—the Four C's of 21st century—are critical thinking, communication, collaboration, and creativity. The need for these crucial soft skills to support academics is growing. The institution consistently encourages these endeavors by offering support to students who wish to compete in different events. The institution is proud of the students who have excelled in these pursuits at different levels.
