## Educational Facilities available in Shrigonda Tahsil: A Geographical Analysis.

Mr. Vijay Jaysing Dalvi

Asst. Professor of Geography, Rajarshi Shahu Mahavidyalaya (Autonomous), Latur (M.S.)

Email- [Vijayjaysing2u@gmail.com](mailto:Vijayjaysing2u@gmail.com).

### Abstract

After food, clothes and shelter, education is the prime need of human beings. Education is the chief defense of any nation. Education plays vital role in making human beings social animals. There is great impact of education on the development of society. There are 114 rural settlements in the study area. Educational facilities distribution in the study region is uneven. The present paper makes a study of the educational facilities and distribution of educational facilities in Shrigonda Tahsil.

**Keywords:** Education, vital, settlements

### Introduction:

Shrigonda is one of the tahsil of Ahmednagar district, which is located south west part of district. Education, is very essential facility for human being. Education playing vital role in development of the nation. Any countries identity depends on quality of education. In the study region primary education spread every corner of the region but higher education and technical education is lack behind. Schooling facilities are spread over 24 centre settlements which provide the education at varying levels to the learners of nearby connected settlements. The study shows that the Shrigonda tahsil has primary (Std. I to IV) schools at all villages, *wadis*, *vastis* and settlements. It has 56 higher primary (Std. V to VII) schools. It also has 51 secondary (Std. VIII to X) schools, 18 higher secondary (X + II level) schools with 6 English medium schools and 3 *Ashram* (residential schools for economically backward learners) schools. There are five traditional senior colleges, two diploma and one Engineering degree college in the study region.

### Choice of the study Region :

For the present research paper Shrigonda tahsil of Ahmednagar district is selected as a study region. Ahmednagar district has 14 Talukas. The district has 1584 villages out of which 2 villages are deserted. In Ahmednagar district Shrigonda tahsil is selected as a study region. Shrigonda is located south west part of Ahmednagar district. It lies between 18° 27' 18" N to 18° 51' 54" N latitude and 74° 23' 24" E to 74° 52' 00" E longitude. The total geographical area of tahsil is 1605.61 sq. Km which contributes 9.22 per cent of the district. According to 2011 census, the total Rural population of tahsil is 284841 consisting 114 villages.

**Theme:** In the study region there are 24 centers. These centers providing primary education to entire study region. following are the 24 centers and schools under this centers. Adhalgaon has 22 schools in total. Among which, 15 are primary schools and 3 are higher primary schools and 4 secondary schools. Facilities of higher secondary school, English medium schools and *Ashram* schools are not available in Adhalgaon. Belwandi (BK) has 13 primary schools, 1 higher secondary school and 1 English medium school. Though there are total 15 schools, there is no higher primary, secondary and *Ashram* school. In total, Deodaithan has 18 schools. Out of which 15 are primary schools and higher primary, secondary and higher secondary schools are one each. English medium school and *Ashram* school are not available in Deodaithan. Deulgaon has total 16 schools.

Primary schools and higher primary schools are 6 each in numbers and secondary schools are 4 in numbers. This settlement has no higher secondary, English medium and *Ashram* school. Ghogargaon settlement has 19 schools. Out of 19, primary schools are 15, higher primary schools are 2, secondary school and higher secondary schools are 1 each. There is no any English medium and *Ashram* school. Hangewadi center has total 18 schools. Among them 15 are primary schools, 2 are higher primary and 1 is secondary school. No English medium school, *Ashram* school and higher secondary school is available in this settlement. Kasti has 18 number of schools. They are distributed as – primary schools - 12, higher primary schools – 2, secondary schools – 2; and 1 each higher secondary and English medium school. There is no any *Ashram* school in this settlement

Table No. 1: Educational facilities available in the study region.

Fig. No. 1

Kolgaon has 16 schools in total. Primary schools are 13 in numbers. Higher primary school, secondary school and higher secondary school are 1 each in number. There is no any English medium school as well as *Ashram* school. Kautha center has 13 schools. Among them 9 are primary schools, 2 are higher primary schools and 2 are secondary schools. No school of higher secondary level, English medium and *Ashram* school are there in Kautha. Limpangaon center has 21 schools. Out of them 15 are primary schools, 5 are higher primary schools and 4 are secondary schools. This settlement also like Kautha and many other settlements no school of higher secondary level, English medium and *Ashram* school. Mandavgan has 15 schools in total. Their distribution is - primary schools are 11, higher secondary schools are 3 and *Ashram* school -1. This settlement has no higher primary, secondary and English medium school. Madhewadgaon has 26 schools. Of them, 24 are primary schools; and 1 each secondary and higher secondary school. Higher primary, English medium and *Ashram* schools are not available in Madhewadgaon settlement. Madhegoan centre has maximum primary schools. Nath Ashram center has 15 schools. They are, primary -14 and higher primary -1. This settlement has no secondary, higher secondary, English medium and *Ashram* schools.

Pargaon (Su) center has the highest number of schools in Shrigonda tahsil- it is 29 schools. Among them primary schools are 19 in numbers. One school is of higher primary level and 4 schools are of secondary education. One school is of higher secondary level, 3 schools are of English medium and 1 *Ashram* school are providing the educational services to the learners of this rural area.

Pimpalgaon Pisa has 21 schools to cater the need of education. Out of them, 15 are primary schools, 2 are higher primary schools, 3 are secondary schools and 1 higher secondary school. English medium school as well as one senior college is available, *Ashram* school are not available in this settlement.

Pimpari Kolandar center has 26 schools. Out of which 13 schools are of primary type, 7 schools are of higher primary types, 4 of secondary education and 2 are of higher secondary type. This settlement too has no English medium school and *Ashram* school.

Pisore Khand center has 19 schools in total. Of them, primary schools are - 14, higher primary schools are - 2 and secondary schools are - 3. This settlement also has no English medium school and *Ashram* school.

Total 22 schools are there in Pedgaon settlement. 15 of them are primary schools. English medium school and *Ashram* school are not available in this settlement.

Rajapur center has 19 schools in total. Primary schools of them are 15 where as higher primary schools and secondary schools are 3 and 1 respectively. This settlement has no higher secondary school, English medium school and *Ashram* school.

Suregaon center has 17 school which are distributed as : primary schools - 10, higher primary schools - 4, secondary schools - 2, *Ashram* School - 1. Higher secondary schools and English medium schools are not there in this settlement.

Shrigonda, being taluka place, has 28 number of schools. Out of which 11 schools are primary schools, 3 schools are higher primary, 5 schools are secondary, 2 schools are higher secondary, 3 schools are English medium schools and 4 schools are *Ashram* schools and one diploma and two senior colleges are available for higher education.

Wangdari center has 16 schools. Among them primary schools are 11, higher primary schools are 3, higher secondary school and *Ashram* school are 1 each. Secondary and English medium schools are not available in this settlement.

Visapur center has 16 schools in total. They are: primary schools - 8, higher primary schools - 3, secondary schools - 3, higher secondary school - 1, and *Ashram* school - 1.

Yelpane center has 9 schools. Of them 4 schools are of primary level. And 1 each is of higher primary, secondary, higher secondary, English medium and *Ashram* school type. Yelpane centre has least number of primary schools.

**Conclusions:** Fig.No.1 shows clear picture of educational facility. There are more requirements of technical and skill based education facility than traditional one. In the study region only one Engineering college Parikrama educational campus feed the need of technical education. Southern and central part of tahsil has more educational institutes than northern part. In the southern part geographical condition is also favorable compare with north and north east part. Madhewadgaon center has 24 primary schools which is highest figures among all centers. Yelpane center has only 4 primary schools. In the study region only one engineering college two diploma and there are five
