## **B) Report of Event Dated 30.07.2021**

### **i. Title:**

Academic Lecture on 'Philosopher Plato and his Thoughts on Education' (Under Staff Academic Lecture Series; An Ecosystem)

### **ii. Introduction:**

An ecosystem promotes the creation and transfer of knowledge and Shahu Extension Services (SES) plays a crucial role in the same. There should be a platform where the learned faculties can disseminate the knowledge they have through their perceptions and studies which can encourage the growth and development of faculties along with developing their creativity.

The institution's abundance of creative talent and helpful resources can be used to produce new ideas, approaches, and concepts that could support the sociocultural development of the participants in the ecosystem.

### **iii. Objectives of the Workshop/ Issues Addressed:**

- Creation and transfer of knowledge through the ecosystem
- To provide a platform for nurturing of new ideas, approaches, and concepts.
- To foster the engagement of creative talent and helpful resources in the institute

### **iv. Details of Participants:**

141 participants (Male 101 and 40 Female) from the college attended the Academic Lecture.

### **v. Brief Summary of Events/ Sessions:**

Mr. Sudarshan Patil opened the session by welcoming all the dignitaries and participants. The Chairperson of the event Mr. Sadashiv Shinde, Hon'ble opened the session with the philosophies of Plato in various disciplines and the need for promulgation of the thoughts of Plato. Further, the learned speaker Principal Dr. Mahade Gavhane elaborated his lecture on the philosophy of Plato on Education. He highlighted that the Philosopher proposed three qualities in human being namely

Knowledge, Daring and Lust/Desire which decides the category of the person as administrators, businessman, and labor. As a consequence, he presented the 'Four Pillars of the Republic' proposed by Plato namely Justice, Education, Communism of Property & Family, and Philosopher king. Also, the scholar enlisted and presented Plato's aim of Education for the development of Mind, Body and Soul. Further, he highlighted the education system proposed by Plato according to the age group where Primary Education, Music Education, and Physical Education included compulsory military education between ages 19-20. Dr. Gavhane concluded the session by correlating Plato's Educational Thoughts with the present educational system. Dr. Vyankat Dhumal offered a vote of gratitude.

**vi. Conclusion, with Feedback on the Workshop:**

Participants have become more enthusiastic about the educational system proposed by Plato and its relevance to the current educational system and asked for the regular arrangement of such programs in nearby future.
