ii. Introduction:

An ecosystem promotes the creation and transfer of knowledge and Shahu Extension Services (SES) plays a crucial role in the same. There should be a platform where the learned faculties can disseminate the knowledge they have through their perceptions and studies which can encourage the growth and development of faculties along with developing their creativity.

The institution's abundance of creative talent and helpful resources can be used to produce new ideas, approaches, and concepts that could support the sociocultural development of the participants in the ecosystem.

iii. Objectives of the Workshop/ Issues Addressed:

- Creation and transfer of knowledge through the ecosystem
- To provide a platform for nurturing of new ideas, approaches, and concepts.
- To foster the engagement of creative talent and helpful resources in the institute

iv. Details of Participants:

141 participants (Male 101 and 40 Female) from the college attended the Academic Lecture.

v. Brief Summary of Events/ Sessions:

Dr. Kalyan Savant opened the session by welcoming all the dignitaries and participants. Dr. S.J. Phule gave introductory speech about the importance of the Tathagat's thoughts then the learned speaker expressed on the thoughts of Tathagat Buddha. At first he talked about the situation prior to Buddha and the way of life of the then society. He asserted that he will speak about all the events with proofs and evidences. It was a time of trials and tribulations. People always fought over trifle things. So first he tried to teach people not to fight for water rather we should care and love each other.

He divided his lecture in his birth and life and then his teachings and influences. The early universities like Nalanda University and Takshshila University were the universities which had the greater influences of Budha's thoughts and teachings. He also provided some satisfied

information like 1500 lecturers and 10,000 students were there. It had and nine storied library way fully equipped with diverse books.

He also focused that there were many universities set up all over Asia. And he pointed out with special reference that at that time a special university for women was set up at Lal Pahadi as a result of the following of Buddha's thoughts.

He also gave many references of many foreign scholar visitors. He told that there are also references of women empowerment.

Most of his teachings are towards the upliftments of human beings.

In India we see that most of our national symbols are taken from Buddha's manifestations and carvings like Ashok Chakra and the 4 lions and many such things.

Finally he concluded his speech stating that Buddha's teachings were adopted by many rulers and spread across the world. And most prominently his influence can be seen through his carvings and carvings and sculptures and statues and paintings.

The chairperson Dr. Mahadev Gavhane gave his presidential address and stated that let us tread on the path of life shown by Tathagat Buddha. Dr. Kalyan Savant proposed vote of thanks.

vi. Conclusion, with Feedback on the Workshop:

Participants have become more enthusiastic about the Buddha's Thoughts and their relevance to the current educational system and asked for the regular arrangement of such programs in nearby future.
