**Activity Report**  
**2022-23**

**Name of Activity** : **Women's Day –Free Hemoglobin Testing Camp**  
**Date** : 08/03/2023  
**Place** : VLC Hall & Health Care Center  
**Target Participants** : All Girls & Female staff

**Objectives** ➤ To diagnose a medical condition like anemia.

**Participants** : 333 ( 312 Girls & 21 Female staff )

**Brief Summary of event :**

On the occasion of **International Women's day** Health and wellness committee and internal complaint committee of college organized **Free Hemoglobin Testing Camp** for girls and ladies staff on **8<sup>th</sup> march 2023**. A hemoglobin test measures the amount of hemoglobin in your blood. Hemoglobin is a protein in your red blood cells that carries oxygen to your body's organs and tissues and transports carbon dioxide from your organs and tissues back to your lungs . If a hemoglobin test reveals that your hemoglobin level is lower than normal, it means you have a low red blood cell count (anemia). Anemia can have many different causes, including vitamin deficiencies, bleeding and chronic diseases.

For a hemoglobin test, a member of your health care team takes a sample of blood by pricking your fingertip and tested with the help of sahali's hemoglobinometer . The healthy range for hemoglobin is 11.6 to 15 grams For women. If hemoglobin level is lower than normal, you have anemia. There are many forms of anemia, each with different causes, which can include: Iron deficiency , Vitamin B-12 deficiency , Folate deficiency , Bleeding ,Cancers that affect the bone marrow, such as leukemia , Kidney disease , Liver disease, Hypothyroidism ,Thalassemia — a genetic disorder that causes low levels of hemoglobin and red blood cells If anyone have been previously diagnosed with anemia, a hemoglobin level that's lower than normal may indicate a need to alter your treatment plan.

**Outcomes :**

312 Girls & 21 Female staff were tested for hemoglobin, the girls and female staff got to know their hemoglobin levels and accordingly they were guided by the Dr. Swati Fere about the changes in their diet and medication to be taken.
