Member

Academic Year 2020-21

Circular

Eco Club is expecting that members of Shahu Family (Staff & students) keep the college campus clean and green. It is the duty of all of us to save water and electricity to save our earth. Staff as well as students are notified to switch off the light and fans before leaving the departments, classrooms and labs. Take care of water utilization and never forget to close the taps.

Dustbins provided at different locations should be used to throw your waste.
