As a part of our extension service, the college has adopted Wagholi village (Tq. Ausa, Dist Latur) to transform it into a Smart Village. Through this initiative, the institute tries to fulfill its social obligation by addressing the problems faced by the village. At the same time, the institute seeks positive transformation and to engender progressive changes in the students through alternative development models that are participatory, sustainable and inclusive.

To implement this practice effectively, the college arranged orientation program for students to acknowledge this practice. The students conducted a Participatory Rural Appraisal survey to collect the responses from the villagers to understand their socio-economic conditions. The outcome of the survey helped in identifying the issues faced by the villagers and the areas in which the college can provide assistance for overcoming them. In collaboration with **Paani Foundation** our students worked on water conservation activities. A special residential camp was organized at the village Wagholi from 18 Feb to 24 Feb 2020. Student volunteers interacted with the villagers to enhance their participation in the activities such as Cleanliness, People Awareness Campaign, Women Camp, and Health Checkup Camp. A One Day Workshop was organized on “Bee Keeping” where Apiculture specialist Mr. Dinkar Patil guided and encouraged farmers. Our college has donated 10 computers to Z.P. Primary School of the village to make the students computer literate. Tree Plantation Programme undertook to develop eco-friendly environment.

Awareness campaigns organized and efforts taken by the institute developed a sense of sincerity about water conservation among villagers.
